## NOTES:

Welcome to

# **Penn Fest '99**

**August 21-22, 1999  
Pittsburgh, PA**

Welcome to our first-time visitors and welcome back to those who were here in Pennsylvania last year! Whether you are here for nostalgia or you still use a TRS-80 Color Computer or OS-9 machine, you should find something of interest here. One man is responsible for getting this event organized, but without your participation, it would never have happened. Long live the CoCo Community!

Next year, same place,  
**The Big Birthday Bash**

**Penn Fest 2000**

**will be held August 19-20, 2000**

**Plan to attend NOW!!!**

## Vendors Represented:

### 1 - Blackhawk

The MM-1 is back into production!

### 2 - SOCKMASTER

Someone must have said those words again. You know..."It can't be done!" or "The CoCo can't do it." Sock will prove you wrong!

### 3 - Nickolas Marentes

All the way from Australia with his new game, "GATE CRASHER", new book, "CoCoNUTS" and his PAL based CoCo3. Enter his raffle for a real Australian souvenir!

### 4 - Jim Davis

Jim has all of the CoCoPro! And Sundog software! Sign up for the CoCo Friend's Disk Magazine. Something for everyone!

### 5 - Planet 9 Systems

Boisy Pitre offers quality software and hardware at affordable prices and his new ROM kit to allow you to put OS-9 Level 1 or 2 into the ROM socket of your CoCo.

### 6 - Cloud-9

New CoCo Hardware? 512K SIMM Upgrades, AT Keyboard Interface, SCSI Interface, and many other items!

### 7 - Steve J. Shimatzki

Last year he was the guy that was selling those rare and hard to find items...cheap! Let's see what he brought this year!

### 8 - Sub-Etha Soft-WEAR

CoCo related T-Shirts and buttons, as well as the new 192 page CoCoFest Chronicles - a Fest History book!

### 9 - CoCo Preservation Society

Become a member today!

### 10 - Mike Guzzi

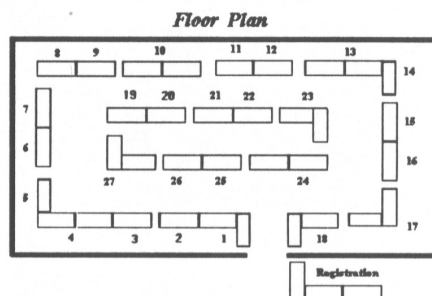

Interfacing the CoCo 3 to the real with a project designed to control the environment of reptile habitats by monitoring the temperature and light.

### 11 - STG.NET

Scott clearly shows his support and is willing to help you...and you won't believe how much!

### 12 - BUYCOCO.COM

If you have something for sale, trade or want to buy...this is where to look first!

### 13 - Paul W. Zibailia II

Lots of hardware! And he can do a repack of the CoCo for you! Just ask!

### 14 - MONK-O-WARE

Brother Jeremy has the OS-9 Level 2 Upgrade. This is the version (The Official OS-9 Level 3) with movable, resizeable windows!

### 15 - The World of 68 MICROS

Stephen will have those 6309 chips! Sign up for a subscription or renew yours today!

### 16 - CoCoMan

Lots of CoCo goodies here! Check it out!

### 17 - Glenside Color Computer Club

Long-time CoCo support club and sponsors of the Chicago CoCo Fest. Sign up today!

### 18 - The IDE Project

Now you can use an IDE hard drive on your CoCo! Pick up yours today! Quantities are limited!

### 19 - Team OS-9

If you have a problem, (just like Radio Shack) they have the answers!

### 20 - AniMajik

OS-9 Underground book, OS-9 CD and "OS-9 Kicks Butt" buttons!

### 21 - Bargeman Research Labs

Karl is here mainly to support the Fest. Stop by for CD-I/ Star Trek information.

### 22 - SBUG

If you can't find what you want at any other table, stop by this booth! They have things you won't find at other tables!

### 23 - Grizzly Enterprises

New vendor! This is a must see booth!

### 24 - David & Susan Poitras

Here is where you will find a lot of the hard to get stuff that he has been collecting through the years!

### 25 - Digital Asphyxia

New vendor! Chet Simpson introduces OS-9x86.

### 26 - Kenneth Baker

Brand New Coco 3 Computers, CCR-83 Cassette Recorders, Blank Cartridge Cases (Full Size), 5" & 12" B/W TV's, Radio Shack Speakerphone. These items are all new, in the original boxes.

### 27 - Real-Time Services, Inc.

Get you OS-9 Archives CD and save the time of downloading! Get it NOW!
