THE COCO REGISTRY IS READY! Over 150 have already purchased their copy of this program. I urge you to get your order in the mail today! Only \$12 gets you the First Edition by return mail and the two updated disks in December '94 and March '95.

If you use a TV or CMP, please tell me so I can send you the appropriate version. (The 128 column colored version is not very readable on TV or CMP monitors.) (CoCo 3 and disk drive are required.)

THANKS FOR YOUR PARTICIPATION IN THIS PROJECT!
