PHONE FEST V

Saturday, March 4, 1995 From 8 A.M. to 6 P.M. (EST)
Call (606) 787-5783

Here we go again. Yet another phone fest, and this one the biggest yet!! We still have special prices on Rick's regular items and the auction has been expanded to over 30 Special packages of used but original CoCo items! The reason for this event is to raise some funds to sponsor Rick's Picnic, scheduled for July 15, 1995. Preliminary plans show that a "real" fest does not come cheap...and where clubs have plenty of members to do the on-site work, we'll have to hire it done. So here's hoping for another successful phone fest!

If you are new to our phone fests, let me explain how they work. On Phone Fest day many of our friends will call and make bids on the auction packages. You may ask what the current bid is so you're not in the dark as to how you are doing. (Please note that the starting bid on all packages is automatically started at \$5. This is to assure that we can pay the shipping and handling costs.) Later during the day you may wish to call back (even several times) to check on how you are doing. For those who have participated in previous events, please notice that the ending time has been changed from 8 PM to 6 PM. At 6 PM we will quit receiving calls and shortly thereafter I will begin calling those who have made the winning bids. If you are a winning bidder, please send in your check as soon as possible. I will then rush your package to you!

For those who wish to purchase my regular products at the prices announced in this brochure, please be aware that these are one day prices, not valid at any other time. In order to get the products at these prices, call on phone fest day and reserve your order at the special price. Then send your check, money order, or cash to me as soon as possible. I'll get your order back to you pronto!

Although we believe that all products are in good to excellent condition, they are sold on an "as is" basis. Please do not ask for substitutions in auction package items!
