

COCO II & COCO III SOFTWARE

Winter 1988 Flyer

Kelly Software Distributors Ltd.
Marlborough P.O. Box 403
Calgary, Alberta T2A 7L3
Phone (403)235-0974

Welcome to our Winter 1988 Sales Flyer! We are having a 30 % discount sale on most of the software products listed in this flyer. Now is the time to purchase that software product that you have always wanted at discount prices! The discount will apply to all software products listed in this flyer except hardware products (ie controllers, serial/parallel interfaces, video drivers, books, etc.) and imported products such as COCOMAX II & III.

30% Discount on most software products advertised in this flyer until MAR 31/88 *****

This sales flyer contains a listing of most of the products that will be described in our 1988 catalog which is due out shortly. Our Catalog will be in a different format than Kelly News Volumes 1 to 3. The catalog already fills 117 pages on our system, and we are undecided on what format the catalog will take using a desktop publishing program. The response from our last sales flyer for our new catalog was not sufficient enough to justify professional artwork and printing of a large FREE catalog. There will be several hundred programs advertised in our catalog, and there will be descriptions, comments, and compatibility notes for different Color computers. We want this Catalog to be a Bible of Coco2 and Coco3 Products, and it will be our last FREE catalog.

The Catalog will be sent to all of our customers who returned the request form and/or purchased software from us recently.

Coco Newsroom for the CoCo 3!

**22 Fonts - 50 Pictures
Reg. \$69.95 less 30%
Sale Price Only \$48.96**

Compose your own "COCO NEWSPAPER" with banner headlines & 6 articles using a sophisticated graphics editor with importing of pictures, fonts & fill Patterns from disk. Over 140k of code & WYSIWYG! 3 disks.

A limited supply of Tandy Hi-Res Joystick interfaces for Coco 3 now available \$22.95 + \$3.00 Shipping.

Hi-Res Interface Driver

Hi-res Joystick utility software is now available! Radio Shack doesn't supply any with their interface, and your interface is useless without appropriate software. Now whether you're using assembly language or basic, reading the Hi-Res joystick is a snap! You'll get the full 640x640 resolution, WHICH YOU CAN SCALE TO MEET YOUR NEEDS!

Cocomax/Maxedit Patch

Run Cocomax 2 and Maxedit on your Coco 3 without the use of Colorware's ROM Cartridge!

**Both Utilities Reg \$34.95
Less 30% Only \$24.46**
