

1990 Tandy[®] Computer Catalog

Radio Shack has the broadest line of PC compatibles, peripherals and accessories in America. Our Tandy computers are in homes, small businesses, classrooms and fully-networked offices. And they're all backed by the best in service and support. That's why we're America's #1 computer retailer.

Radio Shack[®]
COMPUTER CENTERS
A DIVISION OF TANDY CORPORATION

Tandy® Computers: Because

America Depends on Tandy Computers

Look to the name Tandy for the broadest line of PC compatibles made in America. Tandy PCs are relied on everyday to get the job done right. The fact is, Tandy computers are the best value for millions of businesses, educators and home users.

Value that Goes Beyond Affordability

Quality. Reliable performance is our design objective. Our quality results in a 33,000-hour mean time between failure.

Compatibility. Tandy manufactures the best-selling PC compatibles in America. They run all the popular MS-DOS software titles as well as MS OS/2 and SCO XENIX.

Technology. Innovative design, custom circuitry and a user-friendly software interface distinguish our computers from the competition. Plus every Tandy desktop computer is designed and built in our own USA manufacturing plants.

Connectivity. Tandy workgroups provide communications among PCs as well as to mainframe computers.

Longevity. Technology has been our business for 69 years. In 1977, we were first to successfully manufacture and market a personal computer—nobody's been in the business longer.

In Business...For Business®

To serve you better, we've organized a nationwide team of sales representatives who are at your call. These trained professionals will come to your place of business to gain firsthand knowledge of your needs. After careful analysis, they can recommend a solution based around a standalone, multiuser or networked computer system. For an appointment, call your nearest Radio Shack Computer Center.

Nationwide Service

Radio Shack offers timely, professional and affordable service. Our technicians can come to you or you can bring your equipment to any of the 5000 Radio Shack stores or Computer Centers. For a minimal cost, carry-in and on-site Tandy Service Plans are available on all Tandy Computers, including the CPU, related accessories and internally-installed enhancements, as well as most peripherals. In effect, these plans extend the limited warranty of your system on parts and labor for affordable protection against unexpected repair costs.

Total Support

We offer the most comprehensive support services available. Commercial leasing, network planning and system installation help get you started. Our training programs, at your place of business or in one of our convenient classrooms, let you get the most out of your PC. Need help? We can answer your questions by phone or via the PC-Link Online Service. Each Radio Shack Computer Center also has specially-trained systems engineers on staff for prompt, personal assistance.

there is no better value. SM

We're Your Source for Software

With our exclusive Express Order service, a huge selection of software is as close as a phone call! Our 1990 Express Order Software Reference Guide lists more than 900 programs, organized by MS-DOS, XENIX, MS OS/2, TRSDOS® and Color Computer™ applications. Just choose the programs you want, call our toll-free number and charge your purchase to a major credit card. We'll send your software direct to you. It's just that easy—and fast! See page 23 for additional information, or ask for your free copy of the Express Order Software Buyer's Guide at any Radio Shack Computer Center.

Software for Education

Radio Shack offers software that educators most often request when integrating computers into their curricula or when providing for administrative solutions. Refer to The 1990 Radio Shack Educational Products Guide (see page 32).

Tandy Computer Leasing

Tandy Computer Leasing offers a true lease for tax purposes, with a variety of monthly terms. For school systems, special fiscally funded contracts are also available. Software, installation, training and taxes can be included in the lease, too.

A Variety of Credit Options

Radio Shack makes it easy for individuals and businesses to enjoy the latest in computer and telephone technology. The Radio Shack ValuePlus® (RSVP) revolving credit program offers you a personal line of credit that is separate from your other accounts. Your application may be approved in a matter of minutes. Budget your purchases with monthly payments, or pay your balance in full and avoid finance charges for the current billing cycle. Actual payments may vary depending upon your RSVP account balance. We also honor major credit cards, including American Express, Carte Blanche, Diners Club, Discover, MasterCard and Visa. In addition, 30-day term invoicing is available for qualified commercial and institutional organizations. Ask for details at your nearby Radio Shack Computer Center®. And remember, there's no annual fee!

- Intel 80386 Microprocessor
- Intel 82385 Memory Cache Controller
- 32-Bit Data Path Delivers High Performance Processing in Data Intensive Applications
- SmartDrive™ Technology Provides Affordable Hard Disk Expansion
- Includes VGA Graphics Adapter
- Excellent File Server in XENIX Multiuser and Networked Systems

Tandy 4033 LX. Discover pure performance, plus total compatibility with popular, industry-standard expansion options. The 33MHz 386 microprocessor along with the Intel 82385 memory cache controller and 32K of high-speed static RAM makes quick work of financial, engineering, CAD/CAM applications, and software development.

Ultra-fast operation makes the 4033 LX the computer of choice as the hub of a multiuser system. With SCO XENIX, your office can access the LX using low-cost data terminals. As the file server in a 3Com workgroup, the LX can easily manage information transfers between multiple computers.

High-speed VGA graphics produces astounding displays in 256 out of 256,000 colors or in 64 shades of grey. Two megabytes of memory plus a 32-bit Intel 82385 memory cache controller provide RAM-fast access to your data. And you can increase the memory to a total of 16 megabytes. Custom configure your LX to suit your needs using five open expansion slots, plus one additional 3 1/2" and two 5 1/4" front-panel device slots. SmartDrive IDE technology lets you expand with high-performance 40MB or 80MB hard drives without the need of a controller board.

80MB 19ms 3 1/2" SmartDrive. 25-4120 899.00

Microprocessor: Intel 80386 processor with 32-bit data path. **Memory Cache:** Intel 82385 memory cache controller with 32K of static RAM. **Clock Speed:** Tandy 4033 LX, 33MHz. Tandy 4025 LX, 25 MHz. Tandy 4020 LX, 20 MHz. Real-time clock with battery backup. **Operating Systems:** Phoenix BIOS. Optional MS-DOS with BASIC, MS OS/2 and SCO XENIX 386. **Memory:** Tandy 4033 LX, 4025 LX, 2MB RAM. Tandy 4020 LX, 1MB RAM. All are expandable to 16 megabytes using 32-bit expansion slots. **Keyboard:** 101-key keyboard, with tactile feedback and chassis lock. **Video Display:** Built-in 16-bit VGA video adapter. Optional high-resolution, non-glare, non-interlaced 14" monochrome (white) or color VGA monitor. **Half-Height Devices:** Built-in 3 1/2" 1.44MB floppy disk drive. On-board high-capacity floppy controller supports two 3 1/2" or 5 1/4" floppy drives. Drive storage is expandable to include one additional internal 3 1/2" plus two 5 1/4" floppy, hard disk, disk cartridge or tape backup system. Integrated device electronics provides expansion with SmartDrive hard disks. **Internal Expansion:** Six plug-in, 16-bit expansion slots, four 13" slots, two half-size slots (one of the half-size slots is occupied by a 16 bit VGA graphics adapter), plus two dedicated 32-bit memory slots. Optional Intel 80387 or Weitek 3167. **External Connections:** One serial, one mouse port and one bidirectional parallel printer port. **Dimensions:** (H x W x D) 6 1/2" x 15 3/4" x 17". **Weight:** 33 lbs. **Power Requirements:** Input: 120 VAC, 60 Hz. Output: 200 W. UL listed. **Certification:** FCC Class B.

THE PERFECT CHOICE FOR OFFICE USE

386-Based Tandy 4016 DX
With 32-Bit Data Path

2999⁰⁰

Lease for Only \$105 Per Month*

Monitor not included

- 16MHz Intel 80386 Technology
- Includes VGA Adapter for Superb High-Resolution Graphics
- SmartDrive Technology Provides Affordable Hard Disk Expansion
- Unprecedented Expandability to Meet the Needs of Your Business Today and Tomorrow
- Powerful Desktop Computing for Business Analysis
- Economical File Server for SCO XENIX or Network Workgroups
- Perfectly Suited for Desktop Publishing

Tandy 4016 DX. Superb power with unexcelled value for small business and office use. At the core of the 4016 DX is a 16 MHz 80386 microprocessor augmented by a full 32-bit data path for high-speed memory access. This design translates into high performance with power to spare, whether your applications are run by a single user under MS-DOS, simultaneously under multi-tasking environments such as MS OS/2, or shared in a network or powerful multiuser environment.

Unprecedented expandability is the key to the design of the Tandy 4016 DX. With five open expansion slots, the Tandy 4016 DX can be easily configured with multi-port serial adapters, network cards and modems to meet the challenges of your growing business.

A 3 1/2" 1.44MB floppy disk drive is standard, with room for an additional front-panel 3 1/2" plus two 5 1/4" devices such as floppy drives, hard drives, or a tape backup system. SmartDrive IDE technology lets you expand with low-cost, high-performance 40MB or 80MB hard drives without the need or expense of a separate controller board.

The 4016 DX is ideally suited for demanding business applications such as desktop publishing. With high-resolution VGA graphics you can display up to 256 colors simultaneously. And when you use a 4016 DX in a workgroup, it's easy to share information, update files in a common database and route messages and mail. Share data efficiently from one powerful workstation.

STEP UP TO 386 POWER—AFFORDABLY

The Tandy 4016 SX: A Price/Performance Breakthrough

1999⁰⁰

Monitor
not included

Lease for Only \$70 Per Month*

- Powerful 16 MHz Intel 80386SX Microprocessor
- 1MB Memory, Expandable to 16MB
- Built-In 16-Bit VGA Video Adapter
- SmartDrive™ IDE Hard Disk Support
- 3½" 1.44MB Floppy Disk Drive
- Three Front-Panel Device Slots Provide Flexible Configuration
- Three Available AT®-Style Slots Allow Easy Expansion
- Supports Multitasking Applications Developed Under MS OS/2
- Parallel Printer Port, RS-232 Serial Port & Mouse Port Built In
- 80387SX Math Coprocessor Socket
- 101-Key Keyboard With Tactile Feedback
- Only 15½ x 15" and 4¼ Inches High

The Tandy 4016 SX. Introducing 386™ performance at a price you'd expect to pay for a 286 system. You get the new Intel 80386SX microprocessor, built-in 16-bit VGA video adapter and SmartDrive IDE technology for high-performance, low-cost hard drive support. It's ideal as an advanced business desktop system, high-performance network workstation or entry-level desktop publishing.

The 4016 SX's Intel 80386SX microprocessor has the ability to operate high-performance 80386 based software, as well as current 80286 and 8088-based software. By also combining 16-bit hardware compatibility with 32-bit performance, the 80386SX insures your computer investment for the future. The 4016 SX supports: operating systems and applications optimized for 32-bit performance; multitasking applications developed under MS OS/2; and MS-DOS applications, the world's largest base of software.

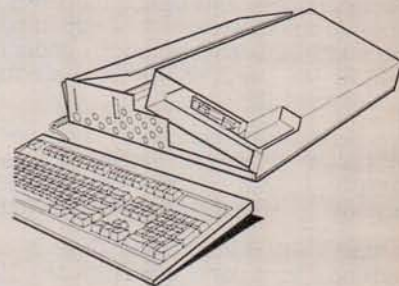

The 4016 SX includes a built-in 16-bit VGA video adapter. Add a VGA color monitor and display astonishing graphics in 256,000 colors with near-photographic clarity. Both serial, parallel and mouse ports are also included for instant connection to accessories such as a laser printer, mouse or graphics tablet.

SmartDrive Integrated Drive Electronics (IDE) technology allows you to add high-performance SmartDrive hard disk drives without the need or expense of a separate controller. Installation is quick, easy and doesn't require an expansion slot.

Tandy 4016 SX. 25-4901 (TSP Available) 1999.00

Innovative Case Design for Easy Access

Both the Tandy 4016 SX and the Tandy 2500 XL feature a unique hinged-bay design which swings open for easy access to card slots and storage devices. This makes upgrades quick and easy and allows for a low-profile, small-footprint design. The all-metal bays create a rugged, protective shell when locked shut. It's the ultimate in convenience.

Microprocessor: Intel 80386SX processor with 16-bit data path. **Clock Speed:** 16 MHz. **Bus speed of 8MHz.** **Operating Systems:** Phoenix BIOS. Optional MS-DOS® with BASIC, MS OS/2 and SCO XENIX 386. **Memory:** 1 megabyte RAM (expandable to 16 megabytes using expansion slots). **Keyboard:** 101-key enhanced keyboard with tactile feedback. **Video Display:** Built-in 16-bit VGA adapter. Optional high-resolution, non-glare, non-interlaced monochrome (white) or color 14" VGA monitors. **Disk Drive:** Built-in 3½" 1.44MB floppy disk drive. On-board high-capacity floppy controller supports two floppy 3½" or 5¼" drives. **Front-Panel Drive storage** is expandable to include two 3½" plus one 5¼" floppy, hard disk, disk cartridge or tape backup systems. **Integrated drive electronics** for expansion with SmartDrive IDE hard disk drives. **Internal Expansion:** Three 16-bit, 13" IBM® PC AT® compatible slots. Optional 80387SX math coprocessor can be added. **External Connections:** Serial and Bidirectional parallel printer ports. Mouse port. **Dimensions:** (H x W x D) 4¼ x 15½ x 15". **Weight:** 16.5 lbs. **Power Requirements:** Input: 120 VAC, 60 Hz. Output: 100 watts. U.L. listed. Certification: FCC Class B.

- Supports Multitasking Applications Developed Under MS OS/2

**Pivoting
Expansion Bays
For Low-Profile
Design and
Rugged Durability**

Tandy 2500 XL. The Tandy 2500 XL is the ideal mid-range computer for small business and personal use. This 80286-based system comes with MS-DOS and the DeskMate Graphical User Interface built into memory. There's no need to load with diskettes. Just turn on the computer—you'll be greeted with a neat, organized display of your programs. The DeskMate Graphical User Interface guides you through tasks quickly and simply, with its proven format of pull-down menus and pop-up dialogue boxes.

The 2500 XL even comes with DeskMate applications software, so you can start computing the very first day. The "Desktop" display lists DeskMate applications as well as other programs you may own. Access them all with just a point and click. The desktop also translates hard-to-understand, cryptic MS-DOS commands into plain English. DeskMate includes text word processing with a 90,000-word spelling dictionary, worksheet, filer, calendar, address book, draw, hangman word game, phone accessory and the PC-Link online information service (requires optional modem). A tutorial program gets you "up and running" fast, and no matter where you are in the program, you can ask DeskMate's help function for timely, on-the-spot advice. And with the 2500XL's enhanced sound and speech capabilities, you can record and listen to voice and music.

A 16-bit, high-performance VGA video adapter is built in. And 16-bit, industry-standard card expansion makes it easy to grow. Plus, built-in SmartDrive technology lets you add 40 or 80 megabytes of data storage without the need or expense of a controller board.

HIGH-PERFORMANCE TANDY 5000 MC

The Alternative of
Choice for Today's
Power Users

4999⁰⁰

Lease for Only \$170 Per Month*

Monitor not included

- 20 MHz Intel® 80386 Microprocessor
- 2MB RAM, Expandable to 16MB
- Intel 82385 Memory Cache Controller
- Built-In VGA Graphics
- Displays up to 256 Colors, 64 Shades of Gray
- Five IBM® Micro Channel™ Expansion Slots, Two Dedicated Memory Slots
- Built-In 1.44MB 3 1/2" Disk Drive, Plus Three Front-Panel Device Slots
- High-Speed/High-Capacity Disk Drive Options
- Small Footprint ■ Security Keylock
- Supports MS-DOS®, MS® OS/2 and SCO® XENIX® Operating Systems
- Use As the Hub of a Multiuser System, or As a File Server in a 3Com Office Workgroup

The Tandy 5000 MC professional system is strictly business, from the look of its 256,000-color VGA graphics to the tactile feel of its keyboard. Inside is pure performance, from the Intel 80386 processor operating at 20 MHz to the fast memory with cache that provides RAM-fast access to your data. The 5000 MC can take full advantage of industry-standard MS-DOS applications, powerful new MS OS/2 programs or multi-user XENIX software.

The 5000 MC boasts the powerful 80386 microprocessor. Operating at 20 MHz, the 5000 MC cuts through the big jobs like database management, large spreadsheets and sophisticated graphics. And you can add a 20 MHz Intel 80387 math coprocessor for even faster calculations. To provide the fastest possible memory access, the 5000 MC includes the Intel 82385 Memory Cache Controller. This controller uses 32-bit wide, fast-static RAM devices to implement a 32K instruction-and-data memory cache. The result? Virtually instantaneous instruction or data fetch to achieve zero wait-state performance. The system architecture also provides an increase in data-transfer rates when the Tandy 5000 MC is configured within a workgroup or multi-user environment.

The Tandy 5000 MC comes equipped with high-resolution video graphics array (VGA) for extraordinary graphics and crystal-clear text. Ideal for CAD applications and desktop publishing, VGA lets you display up to 256 colors from a palette of over 256,000. Using a monochrome monitor, 64 shades of gray are available for remarkable contrast. VGA also supports CGA, EGA and MCGA graphics

and text. In addition, one of the expansion slots may be used for future IBM Micro Channel compatible video expansion support.

Because of its remarkable performance and storage capabilities, the 5000 MC is a natural as the hub of a multi-user system, or as the file server in a 3Com office workgroup. Using SCO XENIX 386, the 5000 MC will support up to 33 data terminals. This configuration lets your entire office share the 5000 MC's power in a truly cost-efficient environment. And in a 3Com workgroup environment, office users with other PCs can access the 5000 MC's enormous database capabilities with unprecedented speed.

Tandy 5000 MC. With 2MB RAM and 3 1/2" 1.44MB disk drive.
25-6000 (TSP Available) 4999.00

Tandy 5000 MC w/ 16ms 80MB Hard Disk.

Microprocessor: Intel 80386. **Clock Speed:** 20 MHz. **Math Coprocessor:** Optional Intel 80387. 20 MHz clock speed. **Memory Cache:** Intel 82385 Memory Cache Controller with 32K static RAM. Maximizes memory processing (95% of processor requests at 0 wait states). **System Memory:** 2MB standard, expandable to 16MB via two dedicated, high-speed 32-bit memory slots. **Video Support:** VGA graphics built in. VGA graphics provide up to 256 colors from a palette of over 256,000 and 64 shades of gray (monochrome). Also includes support for MCGA, EGA and CGA software modes. **Mass Storage Devices:** Built-in 1.44MB 3 1/2" floppy disk drive. A second internal 3 1/2" floppy or hard drive may be added. Two additional 5 1/4" device slots allow installation of an internal 5 1/4" floppy disk drive (1.2MB or 360K), a tape drive, or hard disk drive options. **Keyboard:** Ergonomic, 101-key enhanced keyboard with tactile feedback. 12 function keys, separate numeric keypad. **Expansion Slots:** Five standard IBM Micro Channel card slots (two 32-bit, three 16-bit), plus two 32-bit dedicated memory slots. **Standard Interfaces:** Mouse port, asynchronous communications port (RS-232 serial), parallel printer port. **Real-Time Clock:** Built-in real-time clock with battery backup. **Operating Systems:** Optional MS-DOS, MS OS/2 and SCO XENIX 386. **Phoenix BIOS.** **Power Supply:** 200 watts (exceeds power requirements of system, even when fully configured). U.L. listed. **Dimensions:** 6 1/8 x 17 x 15 1/2". **Authorization:** Verified to comply with FCC Class A.

TANDY 5000 MC EXPANSION OPTIONS

An Overview of the Tandy 5000's IBM Micro Channel Architecture

The Tandy 5000 MC features IBM Micro Channel-compatible architecture. At the heart of this architecture is a new bus design that expands the data path to a full 32 bits. This design also allows multiple microprocessors to use the same bus. Intelligent peripherals will be able to operate without burdening the CPU. The effect is to optimize throughput between I/O devices and the CPU for unprecedented performance. Five Micro Channel expansion slots are available on the Tandy 5000 MC, which support only IBM Micro Channel-compatible adapters listed on this page.

Tandy 5000 MC Technical Reference Manual.
25-6108 99.95

Operating Systems

MS OS/2. 25-4100 325.00
MS-DOS 3.3 and GW-BASIC. Supports multiple DOS disk partitions to access disk drive capacity above 32 megabytes.
 25-4109 119.95
Microsoft® Windows 386.
 25-5111 195.00

Tandy 5000 MC Expansion Options

VGM-300 RGB Analog Monitor. Pictured on page 8. 14" screen displays 320 x 200 graphics in 256 colors or 640 x 480 in 16 colors. With .31 mm dot pitch.
 25-4042 629.00
 For additional monitor options, see page 14.
New! Tandy PS/2® Mouse. Microsoft compatible. Two buttons.
 25-1042 49.95
Memory Expansion Adapter. Add two 1MB Memory Kits (25-5031) for memory expansion to 2MB per adapter, or four 2MB SIMM Kits (25-5033) for memory expansion to 8MB.
 25-6030 99.95
New Low Price! 1MB Memory Kit. Add two 1MB Memory Kits to the Memory Expansion Adapter (25-6030) for an additional 2MB of memory on the 5000 MC. Contains four 256K SIMMs. Was \$599.95 in RSC-21.
 25-5031 349.95
New Low Price! 2MB SIMM Kit. Was \$1299.00 in RSC-21.
 25-5033 599.95
Orchid RamQuest Extra. 2MB memory adapter, expandable to 8MB, supports LIM 4.0 expanded memory applications. Works in both 16-bit Micro Channel expansion slot and higher performance 32-bit. Includes one parallel port and one serial port with serial cable.
 900-2460 1179.00
Neotech Serial/Parallel Adapter.
 900-2454 169.95
STB Dual-Port Serial Adapter.
 900-2455 225.00
Intel 80387 Math Coprocessor-20. Performs fast and highly accurate mathematical calculations. Operates at 20 MHz. User installable. Was \$1095.00 in RSC-20.
 900-2193 647.00

Popular Storage Options

3 1/2" Internal 1.44MB Floppy Disk Drive Kit.
 25-4053 279.95
5 1/4" Internal 1.2MB Disk Drive Kit. Was \$299.95 in RSC-20.
 25-4050 199.95
SCSI Host Adapter. The highest-performance Micro Channel-to-SCSI host adapter in the industry. Data rates up to 64 megabits per second. A single board will support up to three internal or external hard drives or tape backup systems. For a complete list of SCSI (Small Computer System Interface) Hard Drives and Tape Backup Systems available for the 5000 MC, see page 15.
 25-6060 499.95
40MB 19ms 3 1/2" SCSI Hard Drive. Was \$999.00 in RSC-20.
 25-4159 799.00
80MB 19ms 3 1/2" SCSI Hard Drive. Was \$1499.00 in RSC-20.
 25-4160 1299.00
170MB 19ms 5 1/4" SCSI Hard Drive. Was \$2499.00 in RSC-20.
 25-4162 1999.00
344MB 19ms 5 1/4" Full Height SCSI Hard Drive. Occupies two 5 1/4" device slots.
 25-4163 2999.00
Western Digital ESDI Controller. IBM PS/2 compatible ESDI controller. Provides data transfer up to 10 megabits per second. Supports two ESDI hard disk drives.
 900-2450 429.95
150MB 5 1/4" Half-Height ESDI Hard Drive. 18ms average access. Requires ESDI controller 90-2450.
 25-4151 1999.00

Communications Options

Ven-Tel® 2400-bps Internal Modem-MC. CCITT V.22bis at 2400 bps, V.22 and Bell 212A at 1200 bps, and Bell 103/113 at 300 bps. IBM Micro Channel bus interface.
 900-2198 449.00

Multiuser Expansion

SCO XENIX 2.3 GT. Includes support for SCSI drives, VGA and DT-110 terminals. 25-5203 795.00
SCO XENIX Development System. Write "C" and assembly-language programs. 386 "C" compilers support 32-bit code. Powerful DOS cross-development environment programs for DOS and XENIX. 25-5201 795.00
SCO XENIX Text Processing System. Contains tools for the preparation of presentation-quality documents.
 25-5202 195.00
ARNET Multiport/2. An 8-port multiuser board designed for IBM Micro Channel style bus architecture. Multiple boards may be added for support of up to 32 users on the Tandy 5000 MC when used under SCO XENIX 386.
 900-2456 995.00
ARNET Smartport/2-8.
 900-2457 1595.00
3Com EtherLink™/MC. Allows the 5000 MC to become the file server/workstation in a 3Com office workgroup.
 900-1670 495.00
EtherStart/MC. 900-1671 49.00
EtherCard Plus/MC. 900-1678 495.00

HI PERFORMANCE FOR HOME OFFICE

- Powerful 8 MHz Intel® 80286 Microprocessor
- SmartDrive™ Technology Provides Affordable Hard Disk Expansion
- 640K RAM ■ Enhanced Keyboard
- Automatically Loads MS-DOS and DeskMate® Without Diskettes
- Built-In 3 1/2" 720K Disk Drive
- Parallel Printer Adapter, RS-232 Serial Port and Two Joystick Ports
- Software Compatible with IBM PC
- Enhanced Sound and Speech Capabilities Let You Record and Listen to Voice and Music
- DeskMate® 3 Productivity Software with Built-In Tutorial Help
- Real-Time Clock and Battery Backup

Tandy 1000 TL/2. Absolutely packed with features! You can run sophisticated business software on durable 3 1/2" 720K diskettes. A real-time clock/calendar, a parallel printer adapter and RS-232 serial port are all built in.

And because hard disk expansion is so important to serious PC users, the 1000 TL/2 features built-in SmartDrive technology. Tandy SmartDrives provide 20 or 40 megabytes of data storage without the need—or expense—of a separate controller board. You can expand affordably, and without using a card slot!

DeskMate 3, with word processing, spreadsheet analysis, filing and other useful applications, is included—complete with a new Tutorial program to help you get started fast.

And unlike other PCs, the 1000 TL/2 comes with MS-DOS and the DeskMate Graphical User Interface built in. In just seconds after you turn the 1000 TL/2 on, up comes a neat organized display of your programs. You don't have to learn DOS commands, either—the DeskMate Interface guides you as you go.

Built-in video supports monochrome text, Hercules monochrome graphics and CGA color graphics with enhancements. The superb graphics are complemented by digital sound and speech capabilities. Using DeskMate's sound editor and an optional microphone (33-1060), you'll be able to record and edit voice, music, sound effects onto disks, then play them back at your convenience.

Expansion is easy—and thorough. Add a second 3 1/2" internal drive and a 5 1/4" internal drive for complete flexibility. Inside, there are four PC-compatible card slots and a socket for a math coprocessor.

Microprocessor: 80286. Optional 80287 Math Coprocessor. Clock Speed: 8/4 MHz (Software Selectable). Operating System and Included Software: Microsoft MS-DOS 3.3 (in ROM), GW-BASIC and DeskMate. Phoenix BIOS. Memory: 640K RAM (expandable to 768K, 640K for MS-DOS and 128K for Video). EMS memory available through optional expansion boards. Includes 512K ROM and 1024 bits EEPROM for system configuration. On Board Video Support: Text—MDA or CGA compatible, 80 or 40 characters per line by 25 lines. Graphics—Hercules (720 x 348 pixels). CGA compatible with enhancements (640 x 200 pixels, 16-color and 4-color). Display Options: Monochrome—High resolution monitor (VM-5, green). Color—14" RGB Color Monitor (CM-5 or CM-11). Sound: Built-in 8 bit bi-directional DAC for sound and speech generation including internal speaker, 1/8" external stereo headphone jack with volume control and 1/8" microphone input jack. Disk Drives: One double-sided, double density 3.5" 720K (formatted) floppy disk drive (1" in height). Disk Drive is expandable to support 3 floppy drives (2-3.5" and 1-5.25") or 3 floppy drives and one SmartDrive hard disk using integrated drive electronics. Keyboard: 101-key Enhanced keyboard with tactile feedback. Internal Expansion Slots: 4-10" IBM PC Bus compatible (8-bit) card slots. User accessible. External Connectors: Parallel Printer Port, RS-232 Serial Port (9-pin male), 2 joystick ports, 1/8" Mic in and 1/8" stereo headphone out. Internal Clock: Realtime clock/calendar with battery backup. Dimensions (H x W x D): 5.1 x 15.5 x 13.1". Weight (Shipping): 33 lbs. Power Supply: Input: 120VAC, 50/60 Hz. Output: 67 Watts. UL listed. Certification: FCC Class B.

- Full-function IBM® PC Compatible ■ Built-In Carry Handle
- High-Definition Supertwist Backlit Display for Superb Clarity
- Removable, Rechargeable Battery Pack for Constant Power

Tandy 1400 FD. The perfect solution for people who spend time traveling. You'll be able to finish reports and memos, organize your presentation materials—and create spreadsheets—at any time or place. Write a proposal on the plane or in your hotel room. You can even take the 1400 FD home to complete your office work. Finishing those important jobs is a snap with the 1400 FD.

Naturally, you can use the 1400 FD in your office and enjoy all the advantages of a fully configured desktop computer. You can add an RGB color monitor, a separate keyboard and a printer, because all of the adapters are built in. The 1400 comes with MS-DOS® 3.3/GW-BASIC—they aren't expensive options you have to buy before you can use your computer. And because it is IBM PC compatible, you can run sophisticated programs to increase your productivity.

The remarkably clear backlit liquid-crystal display is the ultimate in clarity and readability. It features 80-character by 25-line resolution (same as a full-sized monitor), and the latest in "supertwist" LCD technology. The keyboard features 76 typewriter-style keys and special-function keys.

Input Options Add Convenience and Flexibility to Your Computer System

Mouse Cursor Controllers

- (1) **Tandy Serial Mouse.** With DB9F Connector. Microsoft compatible. Two buttons. 25-1040 49.95
NEW! Tandy 2-Button Mouse. With PS/2-style connector. Microsoft compatible. 25-1042 49.95
Serial Port Adapter. DB9 male to DB25 female. 26-287 7.95
Logitech Serial Mouse. Three buttons for specialized applications. 90-2356 109.95
Microsoft Serial Mouse. Two buttons. Also PS/2 compatible. 900-2116 150.00
Microsoft Bus Mouse. 900-2117 150.00
Kraft Trackball. With foot switch. Connects to serial port. 90-2298 129.95
Deluxe Color Mouse. Two buttons. Plugs into Tandy 1000 joystick port. 6-pin DIN connector. 26-3125 49.95
- (2) **Mouse Pad.** Provides excellent contact and keeps roller clean. 9⁹/₁₆ x 7⁷/₁₆" 26-237 6.95
- (3) **Mouse Hanger.** Protects your mouse when not in use. 26-275 2.49

Joysticks Add Excitement

29⁹⁵

For Tandy 1000 and Color Computer

- Pistol-Grip Joystick.** Self-centering, with buttons on joystick and base. 26-3123 29.95
Deluxe Joystick. Self-centering or free floating, with fire buttons on base. 26-3012 22.95
Budget Joysticks. 26-3008 19.95/Pair
Maximum Co. Maxxyoke Control Stick. Enhances flying and driving simulation. Uses both 6-pin DIN Tandy joystick ports. 90-2176 99.95

Light Pens

- Warp Speed Light Pen.** With free driver software for Tandy DeskMate, Microsoft Windows and a File Controller.
For Tandy 1000 Computers. Not for 1000 EX/HX. 5¹/₄" 905-2069 199.99
For Other IBM® PC Compatibles. 5¹/₄" 905-2074 199.99
Lite Pen Company Lite Pens. With software for draw/paint, world/national maps and tutorials.
For Tandy 1000 Computers. Not for 1000 EX/HX. 5¹/₄" 905-2085 179.95
For Other IBM® PC Compatibles. 5¹/₄" 905-2086 179.95

Keyboards

- 101-Key Enhanced Keyboard.** Requires adapter (25-1030) for attachment to Tandy 1000s. 25-4032 119.95
Keyboard Cover. For 101-key enhanced keyboard (except 25-4038). 17⁵/₁₆ x 6¹/₄" 26-1336, 7.95
Extension Cable for 101-Key Enhanced Keyboards. 26-256 14.95
Extension Cable for 90-Key Keyboards. 26-1389 14.95
Universal Keyboard Adapter. Connect an enhanced 101-key keyboard to a Tandy 1000 or 1000 SX, TX. 25-1030 99.95
Genest Technologies Command Patch System. Speeds, simplifies supported programs.
For Tandy 1000s. 5¹/₄" 905-2152 159.95
For Tandy 3000s/4000s. 5¹/₄" 905-2153, 159.95

Drawing Tablets

- Kurta IS/ONE Tablets.** With 4-Button Cursor.
12 x 12" 900-2195 645.00
12 x 17" 900-2196 995.00
Replacement 4-Button Cursor. 900-2197 100.00

Protect Your Data With Disk Cartridge and Tape Backup Storage Systems

20MB Disk Cartridge

Internal Disk Cartridge System. Add 20MB internal storage. 25-4064 799.00
Secondary "Slave" DCS.
 25-4065 999.00
 20MB Cartridge. 26-221, 99.95

Videotape Backup

240MB Videotrax Backup. Use with any VCR. 900-2112, 399.00
Alpha Micro VCR. Use with 900-2112 for high-speed directory search or restore. 900-2118, 800.00

60MB Tape Cartridge System

499.95 Uses removable tape cartridges

5 1/4" 60MB Internal Tape Cartridge System. 60MB capacity, 120MB in compressed mode. 25-4079 499.95
 1/4" 60MB Tape Cartridge. For above. 26-246 37.95
 (Not for use on 40MB systems.)

Archive Tape Backup Systems

Archive 60MB Internal 5 1/4" Tape Cartridge System. User-friendly menu-driven utility for simple definition of backup criteria. 900-2060 1050.00
60MB External Version.
 900-2059 1050.00
Extra Controller for 900-2059.
 900-2061 255.00
1/4" Data Tape Cartridge. For above drives. 26-204 44.95

150MB Tape Backup

Internal 150MB SCSI 5 1/4" Tape Cartridge System. Lightning-fast 0.8MB-per-second data transfer rate. Requires 25-4161 Host Adapter (sold separately). 25-4169 1299.00
Cipher External 150MB SCSI Tape Cartridge System. Requires 25-4161 Host Adapter (sold separately). 900-2466 1299.00
1/4" Data Tape Cartridge. For above drives. 26-204 44.95

UPGRADE AND EXPANSION ADAPTERS

Serial and Parallel Adapters for Tandy Personal Computers

PLUS RS-232 Serial Interface. Connects serial devices like a mouse or modem. DB25F Connector. 25-1031 59.95

Serial Parallel Adapter. For the Tandy 1000, 3000 and 4000 computer. User installable. 25-4034 149.95

Neotech Serial/Parallel Adapter. For Tandy 5000 MC. 900-2454 169.95

Dual-Port Serial Adapter. For 1000/3000/4000. 25-4039 99.95

STB Dual-Port Serial Adapter. For Tandy 5000 MC. 900-2455 225.00

Serial-to-Parallel Converter. 26-2829 99.95

Specialty Expansion

PLUS Upgrade Adapter Board. Allows you to use PLUS Upgrade Boards in a standard PC card slot. 25-1016 14.95

SmartWatch. A perpetual clock/calendar with battery backup in a chip. User installable. For 1000, SX, HX, TX, SL, SL/2. 25-1033 39.95

X-10 POWERHOUSE Computer Interface. Transmits up to 128 timer events to X-10 or Radio Shack Plug 'n Power modules. 5 1/4", 905-2087 49.95

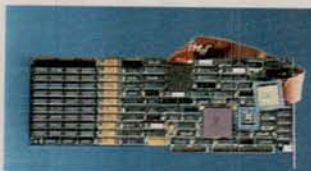

Metrabyte DAS-16 Data Acquisition System. High-speed analog and digital interface board for Tandy 3000 and PC compatibles. 5 1/4", 905-2157 955.00

Metrabyte PIO-12 Parallel Digital I/O Interface. For Tandy 1000/3000. Provides 24 TTL/DTL compatible I/O lines, interrupt input enable lines and external connections. 900-2158 115.00

Metrabyte Screw Termination Accessory Board and Cable for Use with DAS-16 and PIO-12. 900-2159 140.00

Intel Inboard 386/AT with 0K. Intel 80386-based enhancement board for Tandy 3000, IBM AT and compatibles. Expandable to 1MB with 256K. Was \$1395.00 in RSC-20. 900-2127 1295.00

Intel Inboard 386/AT Cable Kit for the Tandy 3000 and AT-Compatibles. 900-2128 200.00

286 Express Board. Replaces CPU with an 80286 microprocessor. For Tandy 1000, SX. 25-1035 399.95

Intel Inboard 386/AT Piggyback Memory with 1MB. Memory expansion option for the Inboard 386/AT. Expandable to 2MB with 256K RAM chips. Was \$795.00 in RSC-20. 900-2130 695.00

Multiuser Expansion Adapters

4-User Serial Adapter. Allows Tandy 3000/4000 computers to support up to four serial devices. Features an on-board processor for added performance. For use with the XENIX operating system. Simple, user installable. 25-4031 ... 349.00

Smartport Board. Arnet Smartport boards provide 4 or 8 serial ports with a communications coprocessor chip to off-load most of the overhead from the host PC. This speeds operations dramatically by allowing faster transfer between the PC and terminals, printers, modems and peripherals.

Arnet Smartport-4 Serial Adapter. 900-2185 995.00

Arnet Smartport-8 Serial Adapter. 900-2186 1295.00

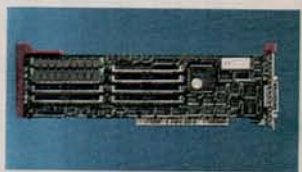

Arnet Multiport Board/2-8. Provides 2 or 8 serial ports which allow terminals, printers, modems and other peripherals to be connected to a Tandy 5000 MC. Use with SCO XENIX 386. Has 8 DB-25 RS-232 ports. 900-2456 995.00

Arnet Smartport/2-8. An intelligent 8-port serial I/O board designed for IBM PS/2 Micro Channel bus computers. Using an on-board processor driving 8 serial ports, Smartport/2 offloads the I/O overhead from the host computer, allowing faster transfer between the host and terminals. 900-2457 1595.00

Multifunction Adapters

Monochrome/Parallel Adapter. Supports monochrome graphics and parallel printer. 25-3049 119.95

AboveBoard PLUS with I/O. Provides 512K of extended or LIM expanded memory support, plus one parallel and one serial port. Memory can be added to support an additional 2 megabytes. 900-2402 745.00

New Low Price! Orchid RamQuest Extra 16/32. For Tandy 5000 MC. Provides up to 8MB memory. Supports OS/2 and LIM EMS 4.0. Features true zero wait-state operation and automatic memory configuration. Includes parallel and serial ports with serial cable. Was \$1899.00 in RSC-21. 900-2460 1179.00

Intel Math Coprocessors

New Low Price! 8087-8 8 MHz for 1000 SL, SX, SL/2. Was \$220.00 in RSC-21. 900-2121 205.00

New Low Price! 80287-8 8 MHz for Tandy 3000, 3000 HL, 2500 XL, 1000 TX, 1000 TL, 1000 TL/2. Was \$353.00 in RSC-21. 900-2191 326.00

New Low Price! 80287-10 10 MHz for 3000 NL. Was \$410.00 in RSC-21. 900-2192 374.00

New Low Price! 80387-16 16 MHz for 4000, 4016 DX. Was \$645.00 in RSC-21. 900-2131 570.00

New Low Price! 80387SX 16 MHz for 4000 SX, 4016 SX. Was \$580.00 in RSC-21. 900-2321 506.00

New Low Price! 80387-20 20 MHz for Tandy 4000 LX, 4020 LX, 5000 MC. Was \$733.00 in RSC-21. 900-2193 647.00

80387-25 25 MHz for Tandy 4025 LX. Was \$920.00 in RSC-21. 900-2322 814.00

NEW! 80387-33 33 MHz for Tandy 4033 LX. 900-2359 994.00

Trionix 8087 Adapter. Allows use of 5 MHz coprocessor with Tandy 1000, 1000A, 1000 HD. 900-2070 240.00

New Low Price! 8087-5 5 MHz for Tandy 1000, 1000A, 1000 HD. Was \$155.00 in RSC-21. 900-2120 142.00

MEMORY EXPANSION/COPROCESSORS

Extended/Expanded Memory

While no limitation exists to accessing high speed extended memory under SCO XENIX or MS OS/2, MS-DOS is limited to 640K. To overcome this limitation, many MS-DOS applications are specially written to use what is known as expanded memory (also referred to as "LIM" memory) addressing. Expanded memory adapters install in standard 16-bit expansion slots.

Tandy 3000/AT Compatible Extended Memory Adapter

New Low Price! 2MB Memory Adapter. Fits standard 16-bit bus slot. Comes with 1MB expandable memory. Was \$699.00 in RSC-21. 25-4030 499.95

Memory Expansion Adapters

Computer-specific extended memory adapters contain no memory—add memory kits (sold separately) to support the capacity required. Adapters are available for:

NEW! Tandy 2500 XL/4016 SX.
900-2395 159.95
Tandy 3000 NL. 25-4027 99.95
Tandy 4000 SX. 25-4930 99.95
New Low Price! Tandy 4000/4000 LX. Was \$179.95 in RSC-21. 25-5029 139.95
Tandy 4016 DX/4020 LX/4025 LX/4033 LX/5000 MC. 25-6030 99.95

Memory Kits

New Low Price! 128K Memory Kit for 3000 HL/3000 NL. Was \$79.95 in RSC-21. 25-4082 69.95
New Low Price! 256K Memory Kit. Was \$149.95 in RSC-21. 25-1079 99.95
New Low Price! 512K Memory Kit. Contains two 100 nanosecond 256K SIMMs. Was \$299.95 in RSC-21. 25-4028 199.95
New Low Price! 1MB Memory Kit. Contains four 100 nanosecond 256K SIMMs. Was \$599.95 in RSC-21. 25-5031 349.95
New Low Price! 2MB Memory Kit. Contains two 100 nanosecond 1MB SIMMs. Was \$1299.00 in RSC-21. 25-5033 599.95
2MB Memory Kit. Contains eight 80 nanosecond 256K SIMMs. 25-5131 1499.00
4MB Memory Kit. Contains four 80 nanosecond 1MB SIMMs. 25-5132 2999.00

Tandy 1000 Memory

Memory PLUS Expansion Adapter. Expands your Tandy 1000 EX/HX to 384K and adds DMA. Allows expansion up to 640K. 25-1062 149.95

New Low Price! 256K Memory Kit. Adds 256K to Memory PLUS Expansion Adapter (above) or expands Tandy 1000 SX from 384K to 640K. Contains eight 256K x 1 DRAMs. Was \$149.95 in RSC-21. 25-1079 99.95

Tandy 1000 Memory (Cont.)

New Low Price! 128K Memory Kit. Adds 128K to Tandy 1000 TX/TL and SL/2. Adds 256K to Tandy 1000 SL (requires two kits). Was \$69.95 in RSC-21. 25-1078 ... 59.95

Micro-Mainframe EMS-5150T Expanded Memory for Tandy 1000. Provides up to 2MB of expanded memory (LIM 3.2) by using 256K memory kits. 5 1/4", 905-2161 199.99

Expanded Memory Adapters

Intel AboveBoard PLUS. 512K expandable to 2MB using 25-1079s. Fits standard 16-bit bus slot. 900-2401 695.00

Intel AboveBoard PLUS with I/O. Same as above with parallel and serial ports. 900-2402 745.00

New Low Price! Orchid RamQuest Extra 16/32. For Tandy 5000 MC. Was \$1899.00 in RSC-21. 900-2460 1179.00

MODEMS AND COMMUNICATIONS

1200-bps Modems

1200-bps Half Card Modem

(Pictured). For the Tandy 1000/3000/4000 and other PC-compatibles with an 8-bit slot. Full Hayes® command set, auto-dial/answer, switchable 1200/300-bps. Bell 212A/103. 25-1013 99.95

1200-bps PLUS Card Modem. For Tandy 1000 EX/HX. 25-1018 99.95

DCM-212 Intelligent Modem

Auto-dial/answer modem is switch-selectable between Hayes and Tandy command sets for XENIX. Bell 212A compatible. FCC registered. UL listed AC. 26-1385 129.95

GCH Systems EasyData 1200-bps External Modem

Bell 212A and Hayes compatibility in a compact package. Features auto-dial/answer, call progress monitoring and adaptive dialing. Includes communications software. 900-2166 129.00

2400-bps Modems

Tandy 2400-bps Half Card

High-speed modem saves connect time. Full Hayes command set, auto-dial/answer. CCITT V.22 bis. 25-1037 179.00

Best Data Products

SMART ONE 2400-bps External

(Pictured). 2400/1200/300 bps. Bell 103/212A and Hayes-compatible. Auto-dial/answer. 900-2212 189.00

SMART ONE 2400-bps Modem Half Card. (Not Shown). 900-2180 179.00

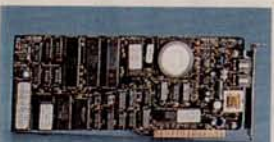

ZOOM TELEPHONICS MX2400 External Modem

A high-performance modem in a compact package. CCITT V.22 bis. Hayes compatible. 900-2214 179.00

GCH Systems EasyData 2400-bps External Modem. (Not shown). Auto-dial/answer, call progress monitoring and adaptive dialing. Includes communications software. 900-2175 199.00

2400-bps Error-Corrected Modems

Tandy Hayes V-Series Compatible

With Lap-B and V.42 (Lap M or MNP Level 4) error correction, adaptive data compression and synchronous capability. 25-1034 399.95

Digitan Systems DS24M. (Not shown). Half card with software emulation of MNP levels 2-5. Asynchronous or synchronous. 900-2295 139.95

Datatrek 2424AMH External

Service level 4 MNP error correction protocol compatible. Dynamic adaptive equalization provides better overall bit error rate performance. V.22 bis. Bell 212A/103 compatible. 900-2178, 345.00

Datatrek 24M 10" Card. (Not shown). With MNP level 4. 900-2177 . . 345.00

Microcom AX/2400c External Modem

A high-performance modem from the originators of MICROCOM Networking Protocol (MNP™). Effective throughput up to 4800 bps with data compression at MNP level 5. 900-2146 599.00

2400-bps Micro Channel Bus Modem

Yen-Tel 24/2 Internal Modem. 2400/1200/300 bps asynchronous. CCITT V.22 bis. Bell 103/113/212A compatible. IBM® Micro Channel™ bus interface. For Tandy 5000 MC. 900-2198 449.00

High-Performance Modems

Telebit T1000 External Modem

9600-bps uncompressed throughput or fallback capability to 2400/1200/300 bps. Error-free, with PEP and MNP 4 error correction. Internal support for UNIX UUCP, Kermit, Xmodem and Ymodem protocols. 900-2283 795.00

Telebit TrailBlazer Plus

Error-free data link at speeds of up to 19,200 bps with PEP 2 data compression. Ideal for use with XENIX and 3Com's 3+ network-to-network communications software. 900-2172 1345.00

Microcom AX/9624c High-Performance Modem

MNP levels 5 and 6 compression and error correction provide up to 19,200 bps, ideal for 3Com applications. Includes support for V.29 FT, V.22 bis, V.22, Bell 212A and 103. Not recommended for XENIX applications. 900-2183 999.00

AT&T Paradyne DL424 External Modem

Full V.32 compatibility with Microcom Networking Protocol (MNP) level 5 error correction up to 19,200 bps. PSTN or 2-wire/4-wire leased lines. Automatic leased-to-dial line restoration. 900-2318 1795.00

TELECOMMUNICATIONS OPTIONS

Portable Computer Modems

Internal 2400-bps Modem for Tandy 1400 Laptop Computers. Supports CCITT V.22 bis for 2400 bps and Bell 212A/CCITT V.22 for 1200 bps. Hayes AT command set compatible. 25-3524 ... 199.95

Touchbase WorldPort 1200

Battery-powered 300/1200-bps modem for laptop users. Only 4 x 2 1/2 x 1". Bell 212A/103, CCITT V.22 and Hayes compatible. 900-704 ... 199.00

WorldPort 2400. (Not shown). V.22 bis for 2400 bps. 900-2207 ... 299.00

Special-Feature Modems

DCM-6 Direct-Connect Modem

Our lowest-priced modem! 300-bps, manual dial/answer. Uses standard DB25 serial connector, plus 8-pin DIN for use with 26-3818 acoustic cups. FCC registered. UL listed AC. 26-1393, 59.95

2-Line Modemfone™ 300

Two-line telephone with 300-bps manual modem. Switchable touch-tone/pulse dialing. Full-duplex, originate/answer, 300 bps. FCC registered. UL listed AC. 26-1375 ... 99.95

Modem Adapters and Acoustic Couplers

Acoustic Coupler 2

Ideal for use when direct connection is not possible. For portable computers or the DCM-6. 300 bps. FCC registered. UL listed AC. 26-3818 ... 59.95

MA-100 Modem Adapter

From Information Machines Corp. Folds to pocket-size. 300 bps under normal conditions, 1200 bps under some conditions. 900-710 ... 129.00

The Black Jack

From Microperipheral Corp. Modular attachment improves line sensitivity. 900-706 ... 49.95

Handsets shown not included.

PLUS RS-232 Adapter. (Not shown). For Tandy 1000 EX/HX. 25-1031, 59.95

Shorthaul Modems and Devices

Telebyte Shorthaul Modem. Modem/line driver links RS-232-based devices. Full duplex, 19,200 bps. 900-2004 ... 106.00

Telebyte RS-232 to Phone Plug Converter: Host. 900-2005 ... 29.95

Telebyte RS-232 to Phone Plug Converter: Terminal. 900-2006 ... 29.95

Online News and Information Services

PC-Link® Online Information Service.

Enter the exciting world of PC-Link! PC-Link's familiar, menu-driven DeskMate

Interface makes it a snap to learn and easy to use. Get unlimited access to a wide range of services including news, airline reservations, stock quotes, support from Tandy computer and DeskMate software experts and much more for only \$9.95 per month—and your first month is free! For a low hourly rate, you can download software, chat with other members and send electronic mail. No surcharges for 1200 or 2400-bps modem access, either. And there's no obligation—you may cancel at any time. Includes software and one free month of service. 25-1255 ... 29.95

CompuServe Information Service. Access CompuServe through a local phone call in most major U.S. metropolitan areas. Features include: Communications and Bulletin Boards, Money Matters and Markets, Financial Transaction Services, Electronic Shopping, News, Weather and Sports, Travel Information, Entertainment and Games, Education and Reference and many others. Includes \$25.00 user credit, User Guide, directory of local telephone access numbers and Information Service rates, subscription to CompuServe's monthly Online Today magazine once you've subscribed, and more. 25-1257 ... 29.95

Tandy FaxMate™ With the DeskMate Interface

An easy-to-use facsimile board with software using the DeskMate Graphical User Interface. The user simply creates

a cover sheet using the fax software utility, composes the document with any DeskMate application and sends the data at 4800 bps. Non-DeskMate applications software may also be used. You can display and print incoming faxes, broadcast a fax to several recipients, poll other stations for incoming faxes and scan printed material using an optional hand or full-page scanner. For Tandy and other PC compatibles with 640K and hard disk. 25-3063 ... 349.95

The Complete PC Answering Machine

A personal voice mail system for Tandy 1000/3000/4000/PC compatibles that records phone messages right on your hard disk. The Complete PC Answering Machine has sophisticated built-in voice prompts to guide your callers through the options they have in leaving messages. Plus, it works 100% in the background, so you can use your computer for word processing, spreadsheets, graphics—whatever—while it's answering your calls.

5 1/4", 905-2137 ... 349.00

Line Protectors and Testers

Telephone Line Spike Protector. 43-102 ... 12.95

Programmable Serial Jumper. 276-1403 ... 9.95

RS-232 Minitester. 276-1401 ... 14.95

Modular to RS-232 Adapter. 276-1405 ... 2.99

8-Con Modular to DB25 Adapter. 276-1406 ... 4.49

TANDY WORKGROUP SOLUTIONSSM

People and PCs Working Together: The Tandy Workgroup Solution—How It Can Work For You.

- Radio Shack can provide the right workgroup solution to meet your individual business needs
- High speed performance, IBM compatibility, remote connectivity and enhanced functionality using industry standards
- All your workgroup needs from a single source—Radio Shack handles installation, training, total support and nationwide service
- Find out how your business can benefit from a Tandy workgroup solution from Radio Shack

High-Speed NetWare from Novell

- Large installed user base with proven performance
- Configure a workgroup solution with the security and features you need for your business

ELS Level I. The basic NetWare system. Non-dedicated file server mode only.

ELS Level II. Economical system featuring system security, network administration and dedicated or non-dedicated file server.

Advanced 2.15. Full-featured system offering dedicated and non-dedicated server modes, directory duplication, diskwrite verification and UPS monitoring.

SFT 2.15. All the features of Advanced 2.15 plus powerful data protection features like disk mirroring and duplexing and Transaction Tracking System to protect your data from system failures.

Net Assurance. For both new and existing NetWare users. A software subscription service providing immediate upgrade to the current version and one year of additional upgrades direct from Novell.

OPERATING SYSTEMS

High-Performance Operating Systems and Operating Environments

MS-DOS® and Windows

MS-DOS 3.3 and GW-BASIC. Supports multiple DOS disk partitions to access disk drive capacity above 32 megabytes.

25-4109 119.95

MS-DOS 3.2 Upgrade. Upgrade DOS 2.11 in EX/HX to DOS 3.2 with EGA support. Floppy system only.

25-1170 29.95

Microsoft Windows 286. Work with DOS and Windows applications simultaneously and transfer data between them. Graphical user interface, with a handy set of desktop applications including a word processor, communications, printer spooler, calculator and more. It allows the user to have applications in multiple "windows".

For the 3000/3000 HL/3000 NL. 25-4111 99.00

Microsoft Windows 386. Includes everything in the 286 version plus the ability to actually run more than one application at a time. Graphical user interface. Handy set of desktop applications.

For the 4000/4000 SX/4020 LX/4025 LX/5000 MC.
25-5111 195.00

High-Resolution Data Display Terminal

599⁰⁰

Low As \$20
Per Month*

- XENIX Compatible
- 14" High-Resolution Screen

DT-110. The Tandy DT-110 Data Terminal is the ideal workstation for multiuser systems built around XENIX-based microcomputers or for many general-purpose terminal applications. Features a large 14" easy-to-read screen. Displays 80 or 132 columns by 26 lines. For the Tandy 3000/4000/5000/6000. Supports normal, underline, reverse and half-intensity video display.

25-5050 599.00

4-Port Serial Adapter. Allows Tandy 3000/4000 to support up to four serial devices. Has on-board processor for added performance. For use with the XENIX operating system. User installable.

25-4031 349.95

Arnet Smartport-4. Provides 4 serial ports with a communications coprocessor chip. Use with SCO XENIX. 900-2185 995.00

Arnet Smartport-8. Provides 8 serial ports with a communications coprocessor chip. Use with SCO XENIX. 900-2186 1295.00

Arnet Smartport/2-8. High-performance 8-port serial adapter for Tandy 5000 MC. 900-2457 1595.00

Arnet Multiport/2-8. 8-port serial adapter for Tandy 5000 MC. 900-2456 995.00

MS OS/2® Operating System

MS OS/2. Breaks the 640K DOS memory barrier. This powerful multitasking operating system permits simultaneous execution of multiple OS/2 applications. Requires minimum of 2MB RAM. For Tandy 3000/4000 series/5000.

25-4100 325.00

Inside OS/2. Explains and describes the major elements of this operating system. Inside OS/2 might well become required reading for professional programmers because it is, at heart, a programmer-to-programmer letter from the creator of OS/2. You'll wonder how you ever got along without it.

900-1382 19.95

The SCO XENIX Solution

- A Powerful Multiuser and Multitasking Operating System for up to 32 Users
- Provides Cost-Effective Expansion Options by Adding Terminals as Your Business Grows
- SCO VP/ix Protects Your Current Investment in MS-DOS Applications by Allowing These Applications to Run Within the XENIX Environment

New! SCO XENIX 2.3 GT. For the Tandy 4000 series and the Tandy 5000 MC. Includes support for high-performance SCSI drives, VGA and DT-110 Terminals. Requires a minimum of 2MB RAM and hard drive. 3 1/2". 25-5203 795.00

SCO XENIX Development System. Write "C" and assembly-language programs. 386 "C" compilers support 32-bit code. Powerful DOS cross-development environment programs for DOS and XENIX. 25-5201 795.00

SCO XENIX 386 Text Processing System. Contains tools for the preparation of presentation-quality documents. 25-5202 .. 195.00

SCO VP/ix. Lets you run XENIX and MS-DOS applications simultaneously and transparently on the same machine. SCO XENIX running SCO VP/ix creates a virtual "PC AT" environment to run MS-DOS applications in. Allows you to run MS-DOS applications without having to give up your multiuser XENIX applications. Comes with MS-DOS 3.2 and runs on the Tandy 4000/4000 LX/4020 LX/4025 LX. Requires one additional megabyte for each additional VP/ix user. 3 1/2". 903-1745 495.00

SCO MultiView 386. User-friendly interface for character-based terminals and consoles. It consists of a series of pull-down, on-screen menus that contain built-in functions and applications such as a pop-up phone directory, card file and a XENIX manager. SCO MultiView's windowing facility can display—on your console or each remote terminal screen—multiple concurrent windows, each running a separate task or application simultaneously. Data from each window can be cut and pasted to another application running in any other window or sent directly to their printer. Pull-down menus can be pre-set for each individual user. 3 1/2". 903-1582 395.00

SCO-uniPATH SNA-3270. 3270 emulation with SCO XENIX. Five sessions with full 3278 and 3289 printer emulation. 3 1/2". 903-1592 695.00

SCO-uniPATH SNA-3270 Board. Required for 903-1592 above. 900-1593 395.00

ORDER**
A DIVISION OF TANDY CORPORATION

Because the needs of computer users are so diverse, we've instituted a service that lets you choose from the broad range of software programs now available. Radio Shack now offers Express Order, designed to quickly satisfy the needs of business, data processing departments, students, home users—any PC owner!

**EXPRESS
ORDER**
A DIVISION OF TANDY CORPORATION

Software Buyer's Guide

Your guide to over 900 programs! Many are priced 10-30% lower than the manufacturer's suggested retail!

Available through all Radio Shack stores, Computer Centers and participating dealers nationwide!

Radio Shack
The Technology Store™
A DIVISION OF TANDY CORPORATION

Second Edition

Extensive Selection

Express Order offers more than 900 programs in our RSC-21S catalog. The programs support the industry-standard operating environments: MS-DOS, XENIX and MS OS/2. In addition, many titles are available to support the operating environments for the Color Computer and the TRS-DOS family of computers.

Price Advantage

Compare the prices, and you'll notice that many of the products in the Express Order Software Buyer's Guide are priced 10, 20, 30% or more below the manufacturer's suggested retail price.

Easy to Order

Once you have made your selections, you'll find that purchasing your software is very convenient. If you need assistance in making your software selection, you can place your order at your local Radio Shack. Or you can dial our toll-free number, 1-800-321-3133, and charge your software purchase to a major credit card. Express Order honors American Express, Optima, Carte Blanche, Diner's Club, Discover, MasterCard, Visa, and Radio Shack ValuePlus (RSVP).

Get More Information

Don't hesitate—find out about the software available to you through Express Order for your operating environment. Tandy Product Profiles provide detailed information about all of the software products available through the Express Order program. An in-depth discussion of the features of each software package is included as well as comparison charts of the selected software packages. Ask your Radio Shack representative to review the various software specifications with you. Choose the software packages that meet your application requirements. Then discover how easy it is to order your choices. Call 1-800-321-3133 or come into your nearest Radio Shack Computer Center or participating Radio Shack store or dealer today for a free copy of the Express Order Software Buyer's Guide.

We're Your Best Source for Specialized Software

We Have Experts Available for Industry-Specific Applications

With over 900 available programs, most businesses and individuals can obtain just the software they need through their nearby Radio Shack or Radio Shack Computer Center. If the software included in this catalog or in the Express Order Software Buyer's Guide does not completely fit your needs, ask your Radio Shack Computer Center representative about the Consultant Liaison Program (CLP). Members of the Consultant Liaison Program are specialists in your region who have formed a liaison with Radio Shack to develop special-applications software to meet any particular needs that our computer customers encounter.

Become a Consultant Liaison

Recognizing the need for specific "industry expertise" or for more "customized" systems, Radio Shack continues to develop relationships with the consulting and software development communities. Through the Consultant Liaison Program (CLP), your clients have a source for quality PCs at thousands of locations nationwide. CLPs have access to both technical and marketing support. And because we support the computer hardware, you have the freedom to concentrate on what you do best—provide your services and specific solutions. For more information on becoming a member of the CLP, contact any Radio Shack Computer Center, or write to CLP, Dept. RSC-21, 1400 One Tandy Center, Fort Worth, Texas, 76102.

Write Letters and Reports, Then Let DeskMate Check Your Spelling

- Includes Everything You Need to Use Your Computer More Productively Right From the Start
- Pull-Down Menus and Pop-Up Dialogue Boxes Guide You Through Each Application With Ease
- For Tandy and Other PC Compatible Computers

Creating a Mailing List is as Easy as Filling in "Pages" of an Address Book

DeskMate 3. With so much to offer, DeskMate will quickly become an integral part of your system. It's incredibly easy to use, because it's designed around the DeskMate Graphical User Interface. With its pull-down menus and pop-up dialogue boxes, DeskMate will guide you through tasks quickly and simply—use a mouse and enjoy "point-and-click" convenience. Each day, DeskMate will greet you with the Desktop. This neat, organized display lists DeskMate applications as well as other programs you may own—and you can access them all with just a point and a click! The desktop also translates MS-DOS commands into plain English, so you won't have to learn cryptic codes. A collection of applications is included for writing letters, budgeting, filing and scheduling appointments. There's even a draw program and word game. A tutorial program will get you "up and running" in no time. And wherever you are in the program, you can always ask DeskMate's help function for timely, on-the-spot advice.

Fits Tandy and IBM 101-key keyboards. 26-1337 4.95

PERSONAL/BUSINESS MANAGEMENT

Good news! These seven programs are but a few that feature the DeskMate Graphical User Interface. Each program has the same friendly look and feel of popular DeskMate productivity software (see page 24). Learn to use one program with the DeskMate Interface and you're well on your way to knowing how to use an entire library of software. Look for programs with the DeskMate logo!

New! DeskMate Form Finisher

Answers one of the biggest needs in business today by letting you fill in preprinted forms quickly and easily using any dot matrix printer. Data can be entered as a simple list of fields or by "filling in" the form on the screen. Repetitious text, such as company name and address can be entered as "boilerplate" information, allowing you to duplicate entries without retyping! Great for invoices, shipping forms, legal forms and more! Requires 512K and two disk drives.

25-1295 39.95

Venture

The first comprehensive software system developed for the growing business. Venture asks all the questions you need and walks you through all the details of funding, organization, competition and scheduling. It generates feasibility, business, marketing, financial and contingency plans. Includes General Ledger, Spreadsheet, Business Plan Builder, Word Processor, Critical Document Forms and more. Venture is more than a software program. It's a blueprint for success from some of America's leading experts in emerging business. Requires 512K.

25-1249 349.00

PaintShow Plus

A complete paint program with built-in scanner support and CGA, TGA, EGA and VGA modes. Besides creating and editing standard graphics files, you can scan drawings and photos and enhance them with all the PaintShow Plus tools. With PaintShow Plus, you can also enhance graphs and charts from programs like Lotus 1-2-3 and Microsoft Chart. It provides file format conversion utilities to convert TIFF, PCX and MAC files, for file compatibility with various desktop publishing applications. Create slide shows and other professional-quality presentations for business or school projects.

25-1316 49.95

4-in-1 Basic Accounting

A computerized accounting system that will help you achieve financial success! 4-in-1 Basic Accounting can help you free up time from repetitive accounting tasks so you can concentrate on running your business more efficiently and making profits. Features include General Ledger, Accounts Payable, Check Reconciliation, Custom-designed Financial Statements, Cash or Accrual Method of Accounting, Accounts Receivable, Payroll, Loan Amortization and Repayment Schedules, Recurring Receivables and Payables. Offers on-line help, automatic installation and reports print to the screen. Handles several checking accounts and has easy-to-use backup procedures to keep your data safe.

25-1287 249.95

Quicken

An easy-to-use program used by business people, accountants, doctors, consultants, managers and others that automate routine household or small business financial tasks. Features check writing, tax recordkeeping, financial reporting, budgeting and cash management. Quicken works just like the paper checkbook you use now. There's no accounting jargon to learn, no "debits" or "credits." With Quicken, you'll forget your financial hassles. Supports multiple accounts, transactions per account limited only by disk space. Includes order form and samples of computer checks. Requires 512K or Tandy 1000 SL.

25-1246 49.95

MemoryMate

Imagine dumping all your notes and scraps of paper into a huge desk drawer. . . and then discovering that, magically, every time you want something it's right on top! That's what it feels like to work with MemoryMate. It turns your hodgepodge of addresses, phone numbers and assorted "notes" into an electronic file with every word indexed and cross-indexed. MemoryMate helps you remember appointments, due dates and deadlines, and recalls facts, figures, phone numbers and addresses. It's the handiest program you'll ever own!

25-1247 69.95

Backup Pro

Secure all your important information quickly and easily! Back up 10 megabytes in as little as 4 minutes! Backup Pro's all-new proprietary disk access algorithm beats DOS—and the competition—hands down. Includes 4 full levels of data security. It's fast, easy and safe.

25-1315 69.95

Utilities!

A special tool to make life a little easier. Utilities! contains programs designed to prevent and recover from computer pitfalls. You'll recover lost files, test diskettes for bad sectors, find text in groups of files, reorganize file sectors and more. Great for beginners and experienced users alike! 25-1288

..... 49.95

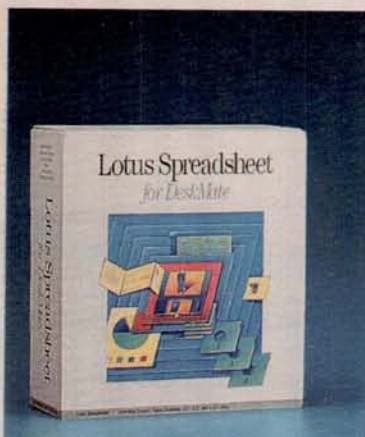

CheckFree

Just imagine: It's the end of the month and your bills are stacked up because you haven't had time to pay them. You can't mail them in without being late and paying extra interest and late charges. What do you do? Simple! You pay them off then and there with CheckFree, the nationwide personal electronic banking service. Instead of writing checks, signing them, buying stamps and mailing them, you can use CheckFree, along with your PC and modem, to handle all your routine financial tasks in just a few easy steps no matter where you bank. Just enter the required payment information into your PC with CheckFree's menu-driven software. Make automatic payments on monthly statements and reduce risk of late payments. Don't you think the way you bank is long overdue for CheckFree? 25-1285

MS-DOS PRODUCTIVITY PACKAGES

Spreadsheets

Lotus Spreadsheet For DeskMate

- 1-2-3® Power Made Easy With the DeskMate Graphical User Interface
- Integrated Spreadsheet, Graphics and Database
- Reads and Writes 1-2-3 Release 2 Files

Now, a spreadsheet with the power of 1-2-3 and the ease of use of the DeskMate User Interface! The Lotus Spreadsheet for DeskMate from Lotus Development Corporation is perfect for small business and home-office use. An invaluable tool for business planning, financial analysis and decision making, the Lotus DeskMate Spreadsheet utilizes the DeskMate Graphical User Interface's proven format of pull-down menus and pop-up dialog boxes to guide you through operations. Combines spreadsheet, graphics and database—all in one package. Supports all 1-2-3 cell formats, graphs and formulas. Requires 512K RAM (640K recommended) and two 5 1/4" floppy drives or one 3 1/2" floppy drive.

25-1283 219.95

Microsoft Excel. Spreadsheet integrated with flexible business graphics for today's fast new computers. "Smart" recalc only calculates cells that will change. Make your work look its best with color, multiple typestyles, borders, shading and sideways printing. Minimum requirements: 80286/80386 microprocessor, 640K RAM, hard disk drive and CGA or EGA monitor. 25-1185 429.00

Databases

Paradox 3.0. Now with presentation graphics, cross tabulation, screen color customizing and ability to copy individual forms and reports between tables. Immediate database power for beginning and advanced users. Requires 640K RAM and a hard disk.

25-1296 725.00

Paradox 2.0. A relational database system that allows novices to select, combine, analyze, summarize and report on data—with no programming. Provides a Lotus-like menu for easy access to powerful features. Requires 640K RAM, 2 floppy drives.

25-1187 495.00

Q & A 3.0. Intelligent database understands your own words. Type in an English question. Q & A automatically finds and displays the answer, then displays a report if you wish. Integrated with a lightning-fast word processor. Tight integration with Lotus 1-2-3—insert Lotus graphs and spreadsheets into documents with a simple command. Requires 512K and two disk drives. 25-1225 .. 269.00

Professional File. A complete file management and reporting program designed to quickly organize, update, retrieve, analyze and report information with professional results. Because Professional File takes advantage of all your computer's memory, data retrieval is very fast. Requires 512K RAM and a hard disk drive or two high-capacity floppy drives. 25-1260 249.00

Word Processing

DeskMate Q & A Write. A lightning-fast, feature-rich word processor that lets you format and print reports and correspondence with incredible results. With column and row math functions, multi-column printing, line and box drawing and a spelling checker. Requires 640K, two floppy drives.

25-1299 149.95

HomeWord II. A powerful version of the popular HomeWord word processing system. Features "what-you-see-is-what-you-get" text screens, pull-down menus and dialogue boxes for menu selections and command input. Also includes a thesaurus and spelling checker. Requires 512K RAM or Tandy 1000 SL.

25-1266 69.95

WordPerfect 5.0. More than 30 new features, including integrated text and graphics, styles, intelligent printing, automatic referencing and extensive character support. Also features full merge capabilities, a phonic spelling checker with a 120,000-word dictionary, red-line and strike-out printing, and a table of contents/index generation. Allows you to cut, paste and insert dates easily!

3 1/2", 25-1268 449.00

Microsoft Word 5.0. The fastest route to great-looking output. Streamlined interface and interactive tutorial speed learning. Seek help on any feature without leaving your document. With spell-check, thesaurus, spreadsheet-link, forms support and style-by-example. Requires 512K and two floppy drives or one floppy and a hard disk. 3 1/2", 25-1282. 5 1/4", 905-1475 379.00

Professional Write 2.1. A timesaving word processor for busy managers that delivers professional results without wasting time. You can graphically preview pages as they'll appear on paper—with font sizes, line breaks and formatting. Laser printer fonts support is pre-set for fast startup. Connections to other leading software packages are built-in. Use table editing to move, erase, copy, shift or enhance any column. Integrated spelling checker, thesaurus and built-in calculator. Requires 512K and two floppy drives. 25-1261 . . . 199.00

Varsity SCRIPSIT. Suitable for almost any task from a simple book report to a complex business proposal. Includes split-screen, footnoting, macros, ability to create a table of contents and a spelling system based on The American Heritage Dictionary published by Houghton-Mifflin Company. Contains many of the features you would expect in a more fully featured word processor at a fraction of the cost! Requires 384K RAM, 256K RAM for Tandy 1000 HX.

25-1174 89.95

RightWriter. The world's first—and best—expert system for business and technical writing. This helpful program can critique your document for correct grammar, style, punctuation and usage. Also recommends changes where necessary.

25-1300 79.95

Integrated Software

PFS:First Choice. Designed for people who want to take advantage of the power of a computer without becoming a computer expert. You get the six applications used most often by people in business—all in one integrated program. Built-in connections to the Professional Series, First Publisher and Harvard Graphics. Requires 512K and two disk drives. 25-1280 139.00

DESKTOP PUBLISHING

Pagemaker 3.0

Helps eliminate the costly and time-consuming tasks of graphic design by including everything you need to design, layout and produce your own publications. Now with three popular Bitstream fonts which can be sized from 4 to 128 points and include math symbols, international characters, and special characters such as trademark and copyright symbols. Pagemaker's soft-font installer makes it easy to download other types of soft fonts to an HP LaserJet or other PCL printer. Requires 640K hard disk, EGA or Hercules-compatible graphics adapter and Window-compatible mouse. When you see the results, you'll agree that Pagemaker produces finished work that is much easier than it looks.

25-4112 835.00

Instant Pagemaker. Using predesigned, on-disk templates, you'll be creating stylish documents within moments of booting up Page-Maker. You can immediately create brochures, balance sheets, resumes, catalogs, directories, three and two-column newsletters and more!

5 1/4", 905-1395 39.95

PFS:First Publisher

A unique and affordable page layout program that lets you produce attention-getting documents quickly and easily. Specially designed so you get fast results with no surprises. You see your font selections, columns and art on the

screen as you work and before you print. Expandable to include an extensive library of special-purpose fonts and clip art (see list below). Requires 640K RAM, two floppy disk drives or one floppy drive and one hard drive. 25-1279 129.00

PFS: First Publisher Art Gallery. Includes over 1500 professionally-drawn images: Borders, maps, seasonal artwork, signs, banners, pointers, arrows, cartoons, animals and much more are included. From the humorous to the serious, from the sentimental to the practical. 900-3193 129.00

- First Publisher Executive Fonts. 900-3330 39.00
- First Publisher Decorative Fonts. 900-3331 39.00
- First Publisher Just For Grins. 900-3332 39.00
- First Publisher Christian Symbols. 900-3333 39.00

Ready-to-Use "Instant Pages"

Includes over 100 ready-to-use forms and newsletters to allow you to quickly design and print professional-quality forms. Requires 512K RAM or Tandy 1000 SL. 25-1262 44.95

Print Magic

As versatile as your imagination, and just as easy to use! Requires no special skills, yet lets you combine text and graphics in virtually any combination you like. Allows you to invert or flip graphics and even resize the images to fit the spread. You can use the highly-detailed images included or import graphics from other software packages. Requires 640K. 25-1265 54.95

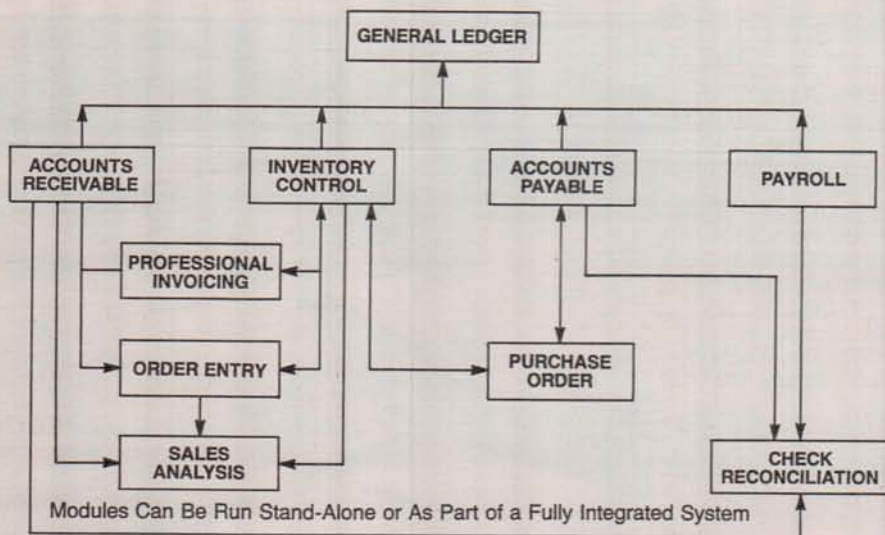

The New Print Shop. The best just got better! Now you can place multiple graphics and typefaces anywhere on the page. Treat text like art: shrink, resize or center your message. The "what-you-see-is-what-you-get" preview feature lets your imagination run wild as you design. Use the art libraries below for additional graphics. A name file lets you send the same card to as many friends as you want—with their own names merged in.

- 25-1298 54.95
- Print Shop Sampler.** 3 1/2", 903-1471. 5 1/4", 905-1471 34.95
- Print Shop Party Edition.** 3 1/2", 903-1472. 5 1/4", 905-1472 34.95
- Print Shop School and Business Edition.** 3 1/2", 903-1473. 5 1/4", 905-1473 34.95

PrintPower. A powerful and flexible print program for home, office and school. Use for flyers, letterheads, notepaper, greeting cards, posters and multi-line banners. Includes six type faces with seven variations each, plus large sizing for posters and extra small for stationery. Features border designs, high-resolution graphics, and an on-screen template to help you visualize your work as you create. 25-1226 19.95

INTEGRATED ACCOUNTING SOFTWARE

Cut Costs By Automating Your Accounting Functions

- Improve Efficiency
- Increase Profits
- Gain Financial Control

A computerized accounting system can help collect money owed to you, keep track of discounts for payments, reconcile bank accounts, pay employees, track income sources and costs, generate reports to help you manage your business and provide fast access to vital financial information. Since 1974, Real World Accounting Software has been installed in over 200,000 small and medium-sized businesses. Start your business with one package such as Accounts Receivable or General Ledger. Then, as your company grows, integrate additional modules or upgrade to a multiuser system.

RealWorld Accounting Software

RealWorld Accounting Software has a lot to offer:

- Multiple Operating System Support Under MS-DOS, 3COM and SCO XENIX
- Written in RM COBOL-85 for Increased Speed And Enhanced Multiuser Capabilities
- Expanded Online Context Sensitive Help
- Pre-Defined Data for Five Types of Companies Assists in Fast Startup and Implementation
- Option of Two Styles of Menus—Traditional Multi-Level and New "Pull Down" Menu Systems
- Add On Modules for Support of Retailing, Distributing and Manufacturing (see the Express Order Software Reference Guide RSC-21S for additional information)

System Kit: Includes automatic installation procedure, run-time, password program and glossary. Required.

Order Entry—Billing: Provides invoicing functions with optional interface to Inventory. Requires Accounts Receivable.

Professional Invoicing: Provides invoicing functions for professional services. Can be tailored to work with almost any invoice form or blank paper. Requires Accounts Receivable.

Sales Analysis: Designed for the analysis of sales, product usage and customer purchases. Requires Accounts Receivable.

Job Costing: Track jobs, sub-jobs and phases for the management of labor, subcontract costs, profit and up to five user-defined cost types such as equipment costs, overhead, etc. Run stand-alone or integrated with base accounting modules.

Check Reconciliation: Supports Up to Five Accounts.

Payroll: Complete payroll system with Magnetic Media Reporting.

Design an Accounting System Specifically Suited to Your Business

Allows one person at a time to update a document, spreadsheet or database file. Supports Novell Advanced NetWare (2.0 and above), 3Com 3Plus and IBM PC LAN systems. Requires 640K RAM.
900-1672 499.00

Professional Write 2.0. See description on page 26.
25-1261 199.00

Professional File 2.0. See description on page 26.
25-1260 249.00

Q & A Network Pack. Allows an additional three users to simultaneously use Q & A Version 3.0 on a LAN. Supports record locking and auto refresh, so that changes made to a database are automatically updated to everyone. Provides four levels of password protection. Requires purchase of Q & A (25-1225), and 640K RAM per workstation.
900-1637 299.00

Q & A 3.0. See description on page 26.
25-1225 269.00

Paradox LAN Pack. Allows the addition of 5 LAN users to any existing version of Paradox. Contains 5 sets of documentation. Requires purchase of Paradox.

25-1297 995.00

Paradox 3.0. See description on page 26.
25-1296 725.00

Paradox 2.0. See description on page 26.
25-1187 495.00

XENIX Multiuser Applications Software

XENIX Productivity

Scriptit 386. A multiuser program allowing several users to cooperate in the preparation of a document. Includes advanced mail merge, macros, font change capability, multi-column text, math operations, laser printer support, plus a flexible spooling system to handle print requests. Allows single-sheet printing or local printing, and comes with the most complete dictionary and thesaurus available.

900-1932 995.00

Scriptit 286.
25-4213 499.00

SCO Professional 386. Designed to be functionally compatible with Lotus® 1-2-3®. If you know Lotus 1-2-3, you will be able to use SCO Professional immediately. Fully file-compatible with both Version 1A and Release 2 of Lotus 1-2-3 without conversion.
3 1/2", 903-1588 895.00

filePro Plus 3.0 XENIX. Helps you turn data into meaningful information quickly and easily. As your business requirements change, filePro Plus easily accommodates the changes with its full-screen editor and built-in maintenance features. Applications and data are portable between XENIX/UNIX, DOS and LANS. filePro Plus comes with a long list of features, including a Custom Menu Generator, Report and Forms Generator, Screen Generator, Screen Creation, NEW Browse/Look-Up Windows and an online tutorial.
3 1/2", 903-1933 1595.00

Multiuser Productivity

WordPerfect 386. All of the features that have made WordPerfect so popular are available for XENIX users. And WordPerfect files are compatible on any machine, so you can use the same document on your micro, mini or mainframe, without a conversion program. A powerful word processor for the most demanding settings.

3 1/2", 903-1579 995.00

Multipan 286. Designed to simplify "what-if" tasks for XENIX users. Even inexperienced users will quickly get up to speed on Multipan through its friendly, understandable menus and on-screen help messages. You'll never have to put pencil to paper spreadsheet—or work alone—again.

3 1/2", 903-1528 495.00

New Low Price! SCO Integra 386. An SQL-based relational database management system providing forms, query and report generators. SCO Integra can be used proficiently by either programmers creating serious applications or office workers wanting an easy-to-use tool for information management and decision support. Was \$1295.00 in RSC-21.
3 1/2", 903-1577 895.00

SCO Image Builder 286. A XENIX graphics package designed with business people in mind. You can quickly create high-quality charts from numerical data or generate specialized custom graphs by modifying any aspect of a graph. Image Builder must be run from the XENIX console.

3 1/2", 903-1578 595.00

ENRICH THE LEARNING EXPERIENCE

Where in the USA is Carmen Sandiego?

Carmen and her gang are back, and you'll soon be off on a wild chase through all 50 states and the District of Columbia with help from the free Fodor's USA Travel Guide. Track the crooks from coast to coast until you capture Carmen herself! An entertaining introduction to United States geography and culture. 25-1318 39.95

Math Blaster Mystery

Watch your children track the Equation Detective through a series of Victorian rooms in a variety of problem-solving math mysteries. Activities cover positive and negative numbers, fractions, decimals and percents, interest and principle and pre-algebraic concepts. Other concepts deal with money, time and measurement. It's a terrific way for children to learn basic concepts in mathematics and logic. 25-1319 44.95

Microsoft Learning DOS

Take the uncertainty out of learning and mastering DOS with Microsoft Learning DOS—the most effective way to get up speed on your PC. Easy-to-follow lessons, hands-on practice, and our award-winning training techniques help you tap the real power of DOS. You'll master DOS commands and learn to use your computer more efficiently than ever. 25-1320 44.95

The Music Studio 3.0

Unleash the Mozart inside of you! There has never

been a music program like this. Create and play original pieces, or select one of the pre-programmed pieces to listen to at your leisure. Advanced MIDI input/output features make it ideal for beginners as well as professionals.

25-1234 79.95

Children's Writing & Publishing Center

Here's an exciting new way for children to create, design and print

illustrated reports, letters, stories, newsletters and more. It provides a dynamic tool that entertains and helps build children's communication skills. 25-1237 54.95

Speller Bee—It Talks!

Children are able to create 32 of their own spelling lists with each list containing 10 words of up to 15 letters in length. Teaches through Bee Games: Scramble, Search and Detective. Ages 5-14. 25-1232 34.95

MathTalk—It Talks!

In a highly unique approach, children are able to enter their own math problems in addition, subtraction, multiplication and division and receive individualized graphic and spoken help. Ages 5-13. 25-1272 34.95

Math Blaster

An award-winning program that helps students in grades 1-6 master basic math facts using 600 problems. This easy, fun and effective program includes animation, color and sound in an arcade-style game. For ages 6-11. 25-1200 44.95

Reader Rabbit—It Talks!

Four animated games help develop fundamental reading and spelling skills. Children improve their letter and word recognition, memory skills and vocabulary. Talks on Tandy 1000s. For ages 5-7. 25-1216 44.95

The FUNDamentals

An exciting and simple introduction to computers, computer vocabulary and computer concepts. You'll learn the basics of computer hardware, software, DOS concepts and commands, DeskMate and much more in an interactive game environment designed specifically for the Tandy 1000 series. With sound and graphics.

The FUNDamentals HX/TX. 25-1186 24.95

The FUNDamentals TL. 25-1233 .. 19.95

The FUNDamentals SL. 25-1236 .. 19.95

Learn at Home With Your Tandy Computer

TAKE A BREAK AND HAVE SOME FUN!

Space Quest III

Get ready for more space hijinks as you follow the latest adventures of Roger Wilco. This time, Roger must rescue the Two Guys from Andromeda who have been captured by the pirates of Pestulon.

25-1292 49.95

Chessmaster 2100

The ultimate in computer chess. Plays at beginning, intermediate or championship levels. Features analyses of famous chess matches of the past.

Silpheed

Sierra's latest import from Japan! Silpheed features advanced animation, visual effects and a complete soundtrack.

25-1294 34.95

Chuck Yeager's Advanced Flight Trainer 2.0

Climb into the cockpit with Chuck Yeager, the greatest test pilot of them all.

25-1309 49.95

Microsoft's Flight Simulator 3.0

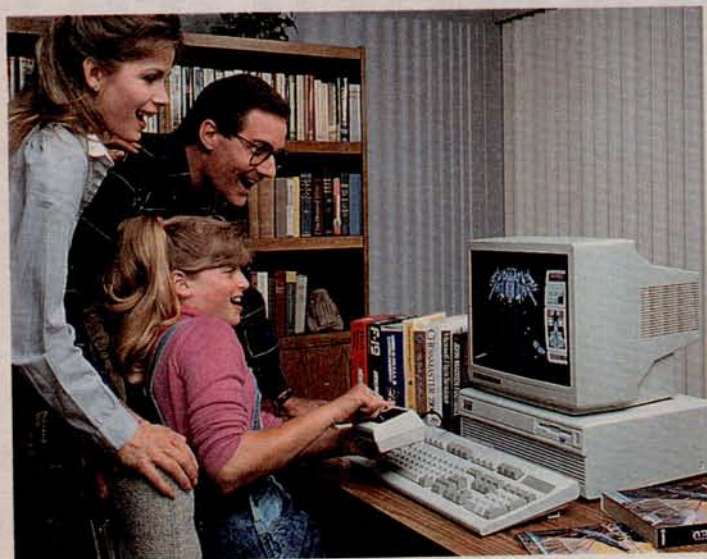

Get behind the cockpit of a trainer and learn the basics of flying: takeoff, landing, navigation and more. Terrific graphics put you in the pilot's seat.

25-1215 44.95

Official TV Gameshow

Play two of the most popular TV gameshows in history: Wheel of Fortune Editions 1 and 2 and Jeopardy! You'll enjoy all the fun and challenge of the real thing!

25-1239 29.95

Play Games With the Entire Family!

F-19 Stealth Fighter

Pilot America's most sophisticated and sneaky aircraft: the F-19 Stealth Fighter. It's totally invisible to enemy radar, so you can fly in fast and low, destroy strategic enemy targets and bases, and get out before they even know what hit them.

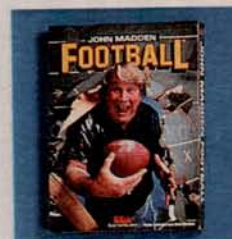

25-1290 54.95

John Madden Football

The most sophisticated and realistic football game ever developed. Real players, action, philosophy, plays, coaching decisions, and statistical models make this a "must have" for real football fans. See what made John Madden one of the greatest coaches the game ever produced.

25-1307 49.95

Pete Rose Pennant Fever

More than just computer baseball. In fact, you may even forget you're playing on a computer. You're not just in the action—you are the action. It's all out, gutsy and aggressive—because Charlie Hustle won't accept anything less. Tremendous graphics make this one of the best computer sports games ever!

25-1308 34.95

Out Run

Go for the drive of your life! From the Mediterranean coast to vast desert stretches, you're driving the most beautiful machine on 4 wheels. So kick up the engine revs, downshift gears, hear the tires squeal and grab the pavement—on your computer! Enhanced digitized sounds on the Tandy 1000 SL/TL series will make you wonder, "Is this my computer or is it arcade?"

25-1317 34.95

Red Storm Rising

Based on Tom Clancey's best-selling novel. War erupts between NATO and the Warsaw Pact. In the Atlantic, Russian subs and surface ships race to sink America's convoys. You have what it takes to stop them—the awesome power of an American nuclear attack submarine. And the training to make it work.

25-1293 49.95

King's Quest IV

Travel with Rosella in search of a magic fruit that will save her father's life, and meet all kinds of strange folk—some friendly, some not. But all is not as it seems in this far-away land, because a wicked plot has been discovered: an evil sorceress is out to stop Rosella and conquer the land. Great 3-D graphics and a nighttime sequence make this one of the best games you'll ever play!

25-1231 44.95

Radio Shack Understands Educational Needs

Radio Shack is dedicated to education. Since 1979, our Education Division has devoted its full-time effort to supporting Tandy/Radio Shack computers in the classroom. We offer one of the most comprehensive libraries of educational software available. Our professional Education Marketing organization of Education Marketing Managers and Education Specialists are specially trained to meet the instructional and administration objectives of educators. We are committed to helping you use Tandy computers efficiently and effectively.

Education in the 90s: Challenges of The New Information Technologies

Tandy Corporation's commitment to education is not confined to the United States, but encompasses a "global classroom." Each year, Tandy serves as underwriting sponsor for an International Conference on Technology and Education. Co-sponsored by such noted hosts as the University of Edinburgh, Scotland, the University of Texas at Austin and Microsoft Corporation, the conference is alternately held in Europe or the United States and is attended by delegates from more than 30 nations.

Tandy Educational Grants Program

Since 1982, Tandy Corporation's Radio Shack Education Division has administered the Tandy Educational Grants Program to encourage the successful implementation and application of microcomputer technology in American educational institutions. Over the years, more than 185 individual educators and public and private institutions have received a total of more than \$1.75 million in Tandy computer equipment, software and peripherals through the Grants Program. All grant recommendations are made by a review board made up of distinguished American educators.

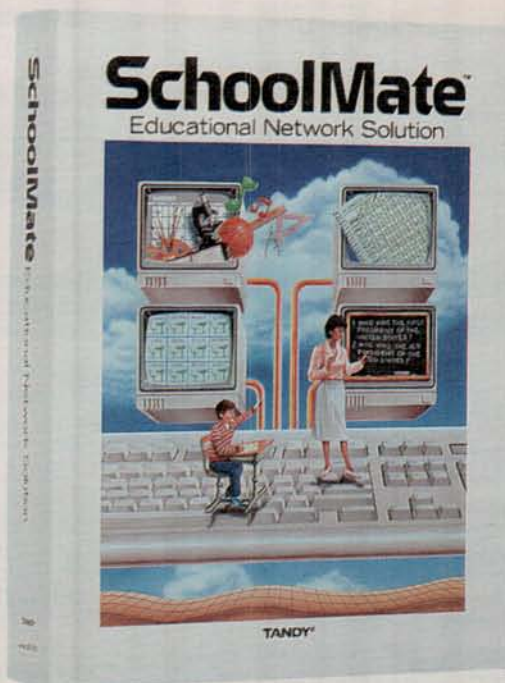

Educational Products Guide

The RSC-21E helps educators select the software and hardware they need to support and enrich their curricula and administrative objectives. More than 400 products from Radio Shack and noted educational publishers are described in this guide, and available by special order. The software descriptions, organized by computer model, include these categories: Business Education, Computer Literacy, Reading/Language Arts, Foreign Language, Logic/Problem

Solving, Mathematics, Science, Social Studies, and Teacher Utilities. Our Education Marketing Managers and Education Specialists will assist you with software product selection, as well as hardware options and complete educational programs.

SCHOOLMATE...

- Multi-Function School Network
- Manage Assignments and Grading
- Share Hardware and Software
- Personalized Student Desktops

Radio Shack introduced the first affordable classroom network in 1979. The TRS-80 Network I reflected a teacher-centered

philosophy with the teacher in control of the computer resources in the classroom. As generations of TRS-80 networks were introduced, features and performance were added—without abandoning this basic philosophy. Today, Radio Shack proudly offers SchoolMate, a feature-packed MS-DOS network based on this same teacher-centered philosophy.

SchoolMate links together Tandy and other PC-compatible personal computers throughout the classroom, department or an entire school. Based on the easy-to-use DeskMate interface, SchoolMate is a solid, cost-conscious solution for managing the instructional needs of students on microcomputers.

What makes SchoolMate different from other educational networks? First, the DeskMate interface simplifies the entire operation. Pop-up dialog boxes and pull-down menus replace hard-to-remember commands. A mouse and/or keyboard can be used.

Second, SchoolMate's COURSEWARE INSTALLATION is a very simple install procedure for adding software solutions to the network.

Third, no other school network includes—in its basic package—classroom management tools for the teacher. With SchoolMate, a teacher can easily create a class roster, set up a grade book, schedule lessons and generate exams.

SchoolMate represents ten years of classroom network experience by Tandy, the leading manufacturer of PC-compatible personal computers and the leader in classroom networking. SchoolMate is what teachers had in mind!

...DESIGNED WITH TEACHERS IN MIND

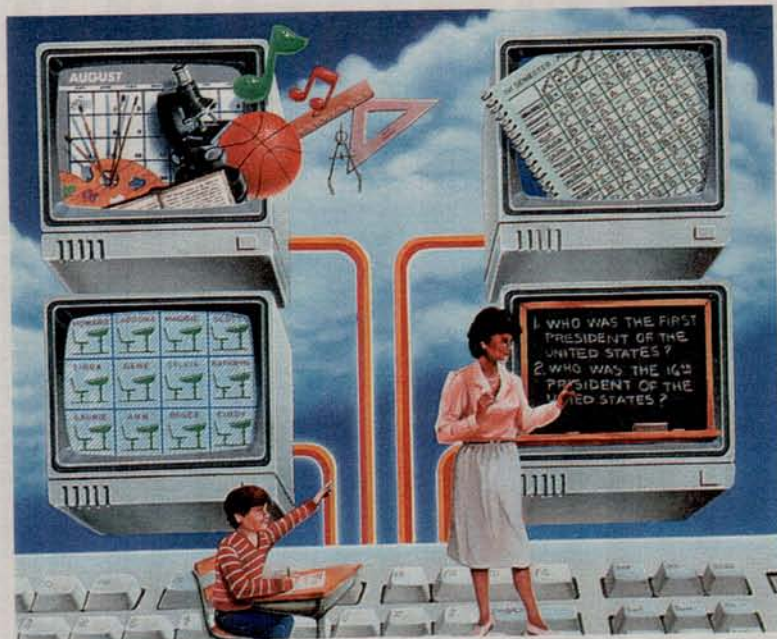

SchoolMate's Built-In Classroom Management Tools

Lesson Scheduler

Teachers create software lessons to meet the instructional needs of their students. Lessons can be scheduled for one student, a group of students or an entire class on a daily, weekly and bi-weekly basis. Teachers can include individualized instructions with each lesson.

Roster

The ROSTER application is an information storage and retrieval system of student records. Teachers can add, maintain, delete and print student records for each class. Once entered, student names can be taken from the Student Master List to create new class rosters.

Grade Book

With Grade Book, teachers record numeric, alphabetic and checkmark grades in up to six categories, including homework and exams. Teachers can use semester, trimester and quarter grading periods, automatically calculate student and class averages, and print individual or class grade reports.

Exam Maker

Create exams using multiple choice, true/false, matching, essay, fill-in-the-blank or multiple answer formats. Questions may include illustrations from DeskMate's DRAW. Exams may be printed as entered or in random order. Answer key is automatically generated with each exam.

Check-Out Grade Book & Exam Maker

A teacher's work is never done. But with SchoolMate's GRADE BOOK and EXAM MAKER teachers can record grades and create exams independent of the network. This unique "CHECK-OUT" option frees teachers from the network and allows them to use GRADE BOOK and EXAM MAKER on stand-alone computers—at home or in their classroom. When teachers are ready to move back to the network, they simply "CHECK-IN" the applications to update their GRADE BOOK and EXAM MAKER files.

SchoolMate With 3Com 3 + Share

SchoolMate includes the 3Com 3 + Share network server and station software with a special menu-driven installation. This industry-standard network supports many different servers and stations on several different network boards, including EtherLink and TokenRing/TokenLink. 3Com provides high speed performance, IBM compatibility, remote connectivity and enhanced functionality.

25-1241	999.95
---------	--------

New! SchoolMate Novell Version

The Novell version of SchoolMate will support both SFT NetWare 2.15 and Advanced NetWare 2.15 operating systems. Running under Novell systems, SchoolMate will accommodate up to 99 workstations. It is compatible with EtherNet™, TokenLink™ and ArcNet™ network hardware. Requires Novell Advanced NetWare 2.15 or Novell SFT NetWare 2.15.

Your local Radio Shack Education Marketing Manager can help configure the right SchoolMate solution for you.

DeskMate Makes Teachers More Productive

Turn a Tandy computer into an electronic resource center for teachers with DeskMate software.

DeskMate. With DeskMate's productivity applications (TEXT, WORKSHEET, FILER and the 90,000-word SPELL CHECKER) teachers can create tests, handouts and lesson plans; keep track of their classroom equipment; and manage student grades. As teachers extend their reach outside the classroom, DeskMate's telecommunications applications, Telecom and PC-Link, are there to lend a hand. SchoolMate's EXAM MAKER lets teachers get creative by incorporating illustrations from DeskMate's DRAW application. DeskMate's personal management applications (CALENDAR, ADDRESS BOOK and PHONE LIST) help teachers organize their personal schedules, produce mailing labels and form letters to parents, and more.

25-1350	99.95
---------	-------

DeskMate Workgroup Companion. Workgroup Companion's communications applications (TELEPHONE CENTRAL, FORUM, MAIL and TALK) allow teachers to create an in/out board and telephone message center, send action items, send electronic mail, and carry on a continuous dialog with other teachers. Teachers can take advantage of Workgroup Companion's resource sharing features. A shared ADDRESS BOOK/PHONE LIST minimizes lost time in searching for commonly used phone numbers. The shared CALENDAR offers the capability of time management and centralized scheduling throughout an entire school or department. With PRINT REDIRECTION teachers can automatically route printed output from any application to the specified printer. All you need is a copy of DeskMate at each station. Two computers can be connected using an RS-232 cable.

Service and Support

Radio Shack cellular telephones give you an extra edge in business as well as personal communication. And Radio Shack makes it so easy! We handle all start-up paperwork and program your phone right in the store. All of our cellular phones are backed with our One-Year Limited Warranty that's honored nationwide. And should service be required, it's available through any of the 7000 Radio Shack stores and dealers from coast to coast. Ask a salesperson about which Radio Shack cellular phone is right for you.

RADIO SHACK KEEPS YOU IN TOUCH

Handheld Portable Cellular Phone

79900** Charging accessories extra Low As \$25 Per Month*

- One-Piece Design Fits Easily in Your Briefcase—Only 1½" Wide and Weighs Just 28 oz.
- Talk for Up to 1½ Hours on a Single Charge—Batteries Recharge in One Hour
- Includes Built-In Rechargeable Battery, Antenna, Carrying Case and Strap

Radio Shack CT-301. A full-featured cellular phone that's completely portable! Stay in touch wherever you go—from your car to job site to pleasure boat. Wherever there's cellular service, you can direct-dial anywhere in the world. Call Europe from a rental car in New York or Dallas from a cable car in San Francisco. You can confirm an appointment during a taxi ride or close a business deal while waiting for a connecting flight. Schedule appointments, prospect for new business and be available for important decisions. The CT-301 is no larger than a cordless telephone and packed with features: 40-number memory, cumulative call-timer, an electronic "lock" to restrict phone use, low-battery warning tone, and indicators for "No Service", "In Use" and "Roam". With 832 channels, 600-milliwatt power output. Requires Charging Stand, plus AC Adapter or Mobile Mounting Kit.

43-611 (TSP Available) 99.95

Hands-Free Headset Telephone

4995

Ideal for
Receptionists
or
Telemarketers

DUÖFONE-151. If you need to talk on the phone and keep your hands free, this headset is for you! Our headset with adjustable microphone is so light you'll hardly notice that you're wearing it! Comfortable earpiece can be worn on either side of the head. Hold button with LED indicator. Touch-Tone/pulse dialing. Belt clip. Ringer control and slide volume. 43-590 (TSP Available) 49.95

SWITCHABLE and PROGRAMMABLE TOUCH-TONE/PULSE dialing phones work on both tone and pulse lines. Therefore, in areas having only pulse (rotary-dial) lines, you can still use services requiring tones, like long-distance systems and computerized services. TOUCH-TONE phones give you access to services requiring tones, but do not function on pulse (rotary-dial) lines. ROTARY/PULSE-SIGNALING phones work on both rotary-dial and Touch-Tone lines but do not produce the tones needed to access the above services / Not for coin or party lines / All phones FCC registered / Parts and service available through any Radio Shack. Telephones, Telephone Systems and DUÖFONES Are FCC Registered. Not for Coin or Party Lines.

Affordable "Beeper" for Busy Executives & On-the-Go Families!

Tandy® Personal Pocket Pager

9995

Low As \$15 Per Month* Paging Service Fee Extra

When you need to stay in touch but can't stay by the phone, the Tandy pager is the only answer! Perfect for active families. When your exclusive local phone number is dialed, your pager is automatically activated and "beeps" to tell you to call in for the message. If you can't be interrupted, the "silent paging" mode will store the "beep" in memory until you check it—ideal for meetings or church. One of the smallest available—just $\frac{1}{2}$ " thin. Clips to your belt or pocket. It's so lightweight, you might forget it's there—until you don't miss that important phone call! With type 675 HP batteries. FCC registered.
