

*Glenside Color Computer Club*  
**Presents: The 6th Annual**  
**"Last" Chicago CoCoFEST!**  
**April 26 & 27, 1997**

**Music, Midi & Mayhem!**  
**Fun For Everyone!**

# *Welcome to the Past, Present, and the Future*

of our beloved Color Computer. You'll find all three right here at the Sixth "Last" Annual CocoFest.

The Coco's past is glorious, mixed up, bittersweet, and often just plain funny. Hear about all these facets of the early "glory days" of Cocodom, when 8-bit home computers ruled the earth, or at least America's dens and rec rooms, from one of that era's most colorful entrepreneurs -- Dennis Bathory-Kitsz -- whose Green Mountain Micro brought us everything from lower case letters to music making. Don't miss his Keynote Address!

The Present? You and we are the present, like this entire Fest. See how great old software like Nitros-9 and UltiMusE are not only still supported, but even better this year. And no time like the present, and right here, to pick up the hard disk or Multi-Pak you "should have" got way back when. Watch leftovers of the Past become someone else's Present at the No-Min-Bid Auction.

The Future? How about the new IDE Hard Disk Interface that keeps us right up there in the market for "That Other Computer's" low-cost, powerful peripherals? And don't miss the free-for-all "Design the Coco-4" Seminar with audience participation -- help us paper the walls with flip-charts of the future.

Change is the essence of computing, but one thing never changes -- it's a great time to be a Coco and/or OS-9 enthusiast. It's been a great time for a long time, and will be as long as we "make it so."

Have a great '97 CocoFest. We officers of Glenside certainly intend to!

*Mike Knudsen,*

--Mike Knudsen, President, The Glenside Coco Club

---

Welcome to a celebration of the CoCo! One of the best 8 bit computers ever designed.

The Glenside Color Computer Club, Inc. would like to take this opportunity to remind all attendees that we have a zero tolerance piracy policy.

Piracy in any form, no matter what it is called, hurts any community but in a community the size of ours it causes arguments that split the community and causes hard feelings. We, the Glenside Color Computer Club, Inc. do not condone the act.

Please refrain from engaging in this activity at any time but especially here at the Fest. We would like everybody to have a good time, this includes the authors of the software sold here at the Fest.

If any authors would like to release their software to the community it would also be a good time to do so. The Glenside Color Computer Club, Inc. would be more than happy to make an announcement at the Fest of your release.

Now...go, have a good time, enjoy the show, listen to the seminars, meet new and old friends and just generally be happy!

# 6th CocoFest Seminar & Event Schedule

## +++++SATURDAY+++++

- 11:00-12:00      **Rick Ulland** -- "Coco Peripherals"  
**Lunch Window**  
1:00-2:00      **Carl Boll** -- "The New IDE Hard Drive: Why and How to Use It"  
2:00-3:00      **Karl Sefcik** -- "Professional Shareware, and New Hardware"  
3:00-4:00      **Dennis Bathory-Kitsz** -- "Keynote Address"  
4:00-5:00      **Mike Knudsen** -- Glenside's No-Min-Bid Auction, Day #1  
5:00            **Exhibit Hall Closes officially, but attendees may remain as long as a Glenside officer is present in the hall.**
- Early Dinner Window**  
6:30-7:30      **Brother Jeremy** -- Holy Communion Service, in the Exhibit Hall  
**Late Dinner Window**  
8:00 - ???      **Sing-Along Fest**

## +++++SUNDAY+++++

- 10:00-12:00    **Rick Ulland and YOU** -- "Design the Coco4: Free-4-All"  
**Lunch Window**  
1:00-3:00      **The Music Men** -- "MIDI Music Mania: What's New"  
3:00-4:00++    **Mike Knudsen** -- Glenside's No-Min-Bid Auction, Day #2  
5:00            **Exhibit Hall Closes**

---

### ALAN DAGES

"Al" Dages is no stranger to the CoCoFEST!s. He has been instrumental in organizing the Atlanta "FEST!"s and returns, again, as an exhibitor to the Chicago "FEST!". You'll always find something of use at his "horn of plenty" of recyclable goods.

**Phone Number: 404-469-5111**

### ADVENTURE SURVIVORS

A.S. is a family-run club for CoCo adventure game players. Annual memberships and back-issues of the Club Newsletter are available at the show for a modest fee. At least 28 of the best CoCo adventures are reviewed (with maps and solutions) in back issues.

**Address: 24 Perthshire Drive; Peachtree City; GA; 30269**

**Phone Number: 404-487-8461**

## **Cloud-9**

Mark Marlette has surprised us with a working prototype interface and drivers setup for ZIP drives under OS-9. The transfer rates are pretty interesting.

**Address: 3749 County Road 30; Delano, MN; 55428**

**Phone Number: 612-972-3261**

## **FARNA SYSTEMS**

As Editor and Publisher of "The World of 68' micros", Frank has given the community one of its rallying points in the printed word. This year, he presents to us LEVEL-3. Ask him about it and the other offerings he has from Alan DeKok, et al. Already the author of at least one CoCo program, he is also the author of the book, "Tandy's Little Wonder".

**Address: Box 321; Warner Robins; GA; 31098-1029**

**Phone Number: 912-328-7859**

## **GLENSIDE COLOR COMPUTER CLUB**

Glenside has been intimately involved with Chicago-area 'fests since 1987. This year is no exception. As the "FEST!" sponsor, we sincerely hope that your visit with us is all and more than you expected. As usual, past issues of the club's newsletter, the CoCo~123 will be freely available, as long as supplies last. Membership packages for '97 and '98 are available, as are the ever popular "FEST!" Tee-Shirts. A limited supply of commemorative mugs are to be had, and maybe a few surprises, too!

**Address: 119 Adobe Circle; Carpentersville, IL; 60110-1101**

**Phone Number: 847-428-3576**

## **HAWKSOFT**

Being one of the longest current CoCo vendors in business, and the inventor of the widely reknowned "Slot-Pak", Chris and Nancy Hawks of Hawksoft continue to grace the "FEST!"s with their attendance and surprises! Do you have any of the Tandy Plug and Power controllers for the CoCo 1 & 2? Want to use it on a CoCo3? 'Nuff said! Among the other products they offer, you will find hardware and software add-ons for the MM/1, the ever-popular switchable high-res joystick interface, Domination, MyDOS, and more! See Chris and Nancy for any and all of these GREAT items.

**Address: 28456 S R 2; New Carlisle, IN; 46552**

**Phone Number: 219-654-7080**

## **JUSTIN TIME**

Justin Wagner, a friend of GLENSIDE since 1990, has stumbled across a cache of various hard-, firm-, and soft-ware items that he, in conjunction with George Schneeweiss, is making available to the "FEST!"-goers. Cache for cash, such a deal. Get that "spare" JUSTIN TIME...before the original crashes!

**Address: P.O. Box 82; Glen Ellyn, IL; 60138**

**Phone Number: 630-620-9370**

## **LUCKEY CORNER**

Howard Luckey and Carl Boll have teamed up this year to bring you, among other things, the GLENSIDE-sponsored COCOIDE interface. This brilliant brainchild of Jim Hathaway can be considered a major break-through in inexpensive hard-drive additions to the CoCo-world. Also at the booth will be the infamous P-3 by Roger Taylor Pick up a DEMO disk. Be sure to check it out, as well as the myriad of other goodies they present.

**Address: 10 McCarthy; Park Forest; IL; 60466**

**Phone Number: 708-747-0117**

## **MONK-O-WARE**

This year, The CoCo Community's own adopted monk officially presents us with, uh, well, it's really...it's sort of like.....Actually, only HE knows just what Brother Jeremy will have cloistered together for this pilgrimage to the "FEST!". But he does bring us a special guest!

**Address: P. O. Box 1903; Racine, WI; 53401**

**Phone Number: 414-634-8979**

## **MUSIC MEN**

Making their second CoCoFEST! appearance, Mike Carey, Brian Schubring, and Mike Knudsen are sure to tickle your ears with scores of music being played via CoCo-controlled MIDI devices. Bring your earplugs, 'cause the the "tickle" is more likely to be a blast!

**Address: 606 Willowwood Drive; Apt. 106; Carol Stream, IL; 60188**

**Phone Number: 630-260-9514**

## **Q-BOX**

This group of "alternate systems" users will be showing off their interesting machines. Actually, they are here just to have a good time together. The users of the Sinclair Q-1000 have been enjoying the world of computer hacking and playing and serious computing since...well remember the Sinclair Brontosaurus? They haven't been around THAT long...but they've been at it a long time!

## **R. C. SMITH**

"RC" has long been dedicated to the proposition that good hardware and software should be kept from passing out of existance. His supply of "previously owned" items range from ROM-PAKS to power supplies and computers to drives. If "RC" doesn't have it on his table, you can bet that he will probably have it at home. If you're looking for that "spare", look here.

**Phone Number: 404-469-6601**

## **SBUG of Los Angeles**

Andre Lavelle of SBUG will be offering special prices on Tandy(tm) CoCo software, as well as on surplus computer accessories. Also available will be other hard to find goodies. Check out the bargains! We'd also like to thank Andre for the neat mousepad giveaways.

**Address: 1251 W Septulveda Blvd - Suite 400; Torrence, CA; 90502-2677**

**Phone Number: 310-539-9702**

## **STRONGWARE**

StrongWare will be featuring products for the MM/1 and the Color Computer 3. Be sure to check out Soviet Block and Gems, which features stereo sound effects when used with the Orchestra 90(tm) pak.

**Address: Box 361; Matthews; IN; 46957**

**Phone Number: 317-998-7558**
