**The ATLANTA COMPUTER SOCIETY**

Presents

# **COCO-NUTS**

---

**ISSUE 19**

**October 1996**

---

Today is October 5, 1996, the day we held the first annual ACS club picnic at Stone Mountain park. By 10:00 AM everything was set up and waiting for the crowd to arrive. The weather was cold and windy, we didn't expect much of a turnout because of the bad weather.

By 10:15 the first arrivals reported massive traffic jams entering the park. It had taken them 3/4 of an hour just to get to the gates. Who could have anticipated crowds like that? People who arrived later reported an increase in traffic and an hours delay.

The weather finally eased up enough so that we could start eating, more people kept coming in and all reported serious congestion just getting into the park and getting around inside the park. Several

people reported getting lost inside the park because of the volume of traffic. Eventually all arrived at our pavillion safely.

Let the games begin! After a sumptuous repast several games were played, the object was for each club member to participate in the games and when they won a game they could then choose one of the many prizes arrange on a picnic table. Needless to say the table was crowded with many gifts, enough so that every club member could win something, which they did!

After all the games and fun we got down to serious conversations about our beloved CoCo and some other computer that didn't have a real name, it was identified only with initials.

Eventually the conversation waned and, just as the sun set in the west, people started migrating to the lawn in front of the carving to see the laser and fireworks shows.

I heard reports that more than 10,000 people entered the park in time for

our picnic. If you didn't make it through the gates in time to enjoy the festivities this year, you had better plan on being here early next year!

The music from the many bands that were playing all day was just at a comfortable level, so that it did not interfere with normal conversation, the food was great and the fellowship wonderful!

Until next year!

Alan Dages, President, ACS Inc.

Greetings Cocofolks!

Here's hoping everyone enjoyed themselves at the picnic!

The idea of going back to a different monthly headliner has been brought to my attention. I would like to get everyones opinion on this.

An Areacode Program for The Coco

The following areacode program will run on the Coco with or without a hard drive. Enter as listed-SAVE IT-then pack it.

You will need to put the arealist in /dd/sys directory or modify the program to look elsewhere. The arealist contains some areacodes that are "PLANNED" at this time.

use and enjoy R. C. Smith

**Adventure Survivors**  
 Bimonthly Newsletter: Adventure Reviews, Maps, Solutions, and other articles!  
**MEMBERSHIP:** U.S. mail addresses ---- \$ 6  
**SGH FEES:** All addresses. One Item -- \$ 2  
 Each additional item/order, ADD ---- \$ 1  
**MAXIMUM SGH for each ORDER ----- \$6**

**GRAPHIC ADVENTURES**  
 By Bill Cleveland: Cooo 3, RGB/CMP.  
**POWER STONES OF ARD** ..... \$10  
 Includes 6 pages of Preliminary Info., and the **NEW LIFE** program.
