OS-9 USERS GROUP

"DEDICATED TO EXCELLENCE IN OS-9 COMPUTING"

Dear Allen Huffman,

Welcome to the new OS-9 User Group. Enclosed is your membership
card. Your membership adds to the group and we hope you profit in
return.

We had intended to get this letter out sooner, but it took longer
than expected to get a data base up and running. Have you ever
tried to find a dbm that ran on OS-9, OSK, and Atari TOS?

The first thing you should note is the change of address. This is
due to two events. First, Scott McGee has taken a job with
Microware (good luck Scott) and will move to Des Moines. Second,
Debra Kreider has volunteered to be the secretary/treasurer. These
events prompted a move of the PO Box. The new address is:

                    OS-9 User Group
                    P.O. Box 465
                    Goshen, IN 46526

Your information from our data base follows. Please examine this
carefully and let us know if there are any errors.

name: Allen C. Huffman
company: Sub-Etha Software
address: 110 champions Dr. #811
                   Lufkin, TX 75901 USA
home phone: (409) 639-3842
business phone: none given
interests: Applications, Programming
primary system: CoCo-3
version: OS-9 LII

By now your should have received both an MOTD and your introductory
library disk. If not, please let us know.

You should receive your next MOTD around the end of September. As
funds permit, we hope to make it a monthly publication. In
addition, we are trying to put together an OS-9 fest for next year.
It would be similar to the CoCo fests you may have seen, with
vendor displays and seminars. But we hope to include seminars by
Microware personnel.

Happy OS-9ing,
     Boisy Pitre, President
     Carl Kreider, Vice President
     Debra Kreider, Secretary/Treasurer
     Scott McGee, MOTD editor
     Alan Sheltra, Librarian
