What is the OS-9 Users Group?

The OS-9 Users Group, Inc., is a non-profit organization established with the goals of:

* Stimulating and sustaining interest in the OS-9 operating system in all its forms (OS-9/6809, OS-9/68000 and OS-9000)

* Promoting the cooperation and exchange of information concerning OS-9 betweens its members

* Conducting programs and activities which promote fraternalism and advance the general interest and knowledge of its members

* Supporting, where practical, the activities of other organizations which promote OS-9

What is OS-9?

OS-9 is a real-time, multitasking operating system. For detailed information on OS-9, see the OS-9 FAQ on chestnut.cs.wisc.edu.

How do I contact the OS-9 Users Group?

Why should I join?

* Support! OS-9 is a great operating system, but it also can be difficult to learn. We can help ease the learning curve, and suggest sources for additional help. A project that you are

working on may already have been completed by someone else, and we can help put you in contact with them.

* You'll receive the MOTD newsletter which keeps you in touch with activities of the OS-9 Users Group. You'll also find informative and interesting commentary and columns on OS-9 and its uses in various areas.

* Joining is a great way to show your support for OS-9!

What is the MOTD Newsletter?

MOTD, or Message Of The Day, is the OS-9 Users Group Newsletter. It is published four or more times per year, and contains news of interest to members, as well as contacts, and several regular feature columns.

Features include the "President's Column", and "Straight From the Horse's Mouth", a regular column detailing OS-9's use in industrial, scientific and educational applications. "Introducing...", contains interviews with prominent members of the OS-9 community.
