

RAINBOW

The Color Computer Monthly Magazine

ON DISK

RAINBOW ON DISK contains the programs featured in the pages of THE RAINBOW, The Color Computer Monthly Magazine. It is intended as a companion to the magazine, not as a separate entity. The articles accompanying the programs in THE RAINBOW may include important information and system requirements necessary to the operation of the programs.

This edition of RAINBOW ON DISK includes:

Lil' Ole Interest Monitor Use this CoCo 3 program to help track interest earnings.

Invoice Innovation This office helper will print customized invoices and shipping labels on demand.

Call Memo Organize the way you take and leave phone messages in your home or office.

BASIC Training Delve into graphics animation with Joseph Kolar's *BigBird*.

ML Made BASIC Discover graphics animation by looking at point rotation in machine language.

Novices Niche Six shorties ranging from business to graphics to help get you started.

Wishing Well Just how does time add up? Find out with *Time Card* by Fred Scerbo.

Education Notes Learn (and teach) how to move around the dictionary.

Color Coordinator Help children develop a sense of color coordination with this CoCo 3 program.

Credit Lines Keep track of credit card transactions and balances for up to ten accounts.

CoCo Tour Add that extra splash to your programs with this colorful border creation utility.

Decisions Let CoCo help you make those tough decisions by organizing and weighing relevant factors.

Instructions for Use

Since there are no OS-9 programs published in THE RAINBOW this month, this disk is a single-sided "floppy" formatted under Disk Extended BASIC.

Before you run any of the programs on RAINBOW ON DISK, you should first use the Disk BASIC BACKUP command to make a backup of this disk, giving you a working copy. For the protection of the RAINBOW ON DISK master, the disk does not have write-protect notches, so you cannot accidentally write to it.

The Disk BASIC portions of the disk are menu-driven. To begin, type RUN "MENU" and press ENTER. A menu of the files appears, from which you may run any of the BASIC programs by pressing its corresponding letter key. The machine language programs, indicated by an asterisk, *will not* run properly from the menu. These machine language files must be loaded and executed with the LOADM and EXEC commands.

When a file is run from the RAINBOW ON DISK menu, part of the menu itself remains in memory. Because of this, you may encounter an OM? Error on some of the programs, indicating that the file is too large for memory. If this occurs, you will have to remove the disk and turn off your CoCo for a few seconds, then LOAD and RUN the program as you normally would from Disk BASIC, bypassing the menu.

Many of these programs require special loading instructions and other information necessary to the proper functioning of the program. For complete instructions regarding each of the following files on RAINBOW ON DISK, refer to the April 1989 edition of RAINBOW magazine. (The corresponding page number is noted for your convenience.)

Front Side Disk BASIC Files

Page	Filename
APR	MENU
022	INTEREST
046	OFFICE
053	CALLMEMO
067	BIGBIRD
075	DEMO

CLUB PURCHASES

Please note: While group purchases of RAINBOW ON TAPE and RAINBOW ON DISK are permitted, no license to make copies is conveyed or implied. Yes, your group may even purchase a subscription to our disk/tape services, but such purchase in no way authorizes that any copies be made of that original disk/tape.

Specifically, this means that the original disk/tape itself may indeed be kept in a club library for use by members. However, a group purchase *does not* entitle club members, individually or as a group, to copy that disk/tape.

Unauthorized copying of any copyright product is strictly illegal. The copyright (right to make copies) is in no way conveyed in the purchase transaction.
