Melcome to our 96th issue of subscription software. We hope that you enjoy this month's fine selection of programs. This issue was delayed do to the NBA finals. Congratulations Detroit Pistons!

 ENTREPENEUR - This program will give you some advice on starting your own business. Some of the options available with this program are choosing a business form, help with financial information and venture capital sources.

2. OB\_PHEDO: In this game you may travel in a lo by 10 grid which is filled with transporters, keys, doors, and money. The transportes transport you back to the start, but if you get unlucky you might be transported into oblivion. The object of the game is to get all five colored keys and match them up with the five colored doors, collecting money as you go through the maxe. During the game you may call up the man, but you only have a limited time to view.

PRINTER FORT CODES - This is a short but very useful program for the owner of a dot matrix printer. It sets the printer in the desired font. Each letter from A to O, when pressed, will make a different font. The printer codes were taken from the Tandy 430 printer. The codes are applicable for the 130 printer.

as well. To see if Printer Font Codes will work with your printer, load this program on your computer and check the program lines between 230 and 370. If your manual has different codes from this program, edit the lines and make the necessary changes from your printer manual. You can also combine different fonts as well.

4. BIBLE QUESTIONS PT. 3 - This program is similar to Bible Questions 2 on 1. nonth's issue. It deals with famous Old Testament Bible Quotes. It presents you with the quotes and then you must type in the number of the correct choice, indicating the correct personality. The program contains 50 questions, and can be played by adults or children 9 years of age or old program.

 CALO ADVENTURE - Find the royal chambers where Princess Calo is being held captive in this adventure. Use two word commands as you move around in search of the Princess.

6. PORM MAKER - Now you can design the text to be printed on your forms with this Bandy Utility. After viswing the instruction screen you should select '!' for editing the form. You should then select 'A' for adding text. Once you type the text in you can now it around with the arrow keys. Press enter to drop the text. Press 'H' anytime to get help. Once your form is created you can print, add, or edit it.

7. DMAGON\_ESCANG - Dragon Recape is a fun way to learn about the Coco. The object as to enach the safety of the castle and get away from the pursuing Dragon. To move, simply answer the random selected questions. If you are correct, you move a little closer to the castle. If you are wrong, your opponent moves closer. The player who reaches the castle first wins. Mis opponent becomes the Dragon's lunch.

8. PLANE REFIGURE - The Complex Plane is a two diseasional plane where real and imaginary number interact. Each point of the Complex Plane is represented a complex number in the form of a bi. When you espatially suitiply and graph and plane in the form of a bi. When you espatially suitiply and graph and plane in the program leave you plane and graph other Complex planes. There are two MUDOE pictures already saved for you to view AMNOEARY instead of in the BURGERS 2 node. Cool were non also make the objects appear to flow with the flow option. There is an instructional program called REFLOCK solid on aprint further instructions about the Value Explorer. You must also

 DR. WHO PART3 - The instructions for this Coco3 only program are available from the machine language program itself. To load this program, enter LOADW Lapp based system. To save this program enter (CJSANEW-WHODART3 f you have a tapp based system. To save this program enter (CJSANEW-WHODART3 f you have a

4508.27200,4098.

10. ME\_MEMB - Use your joyetich to measurer Ne. Mase in this 32R Tom Mist favorite. To lead this propram simply enter LOADM "MadE" or CLOADM "MadE" for those. To lead this propram simply enter LOADM "MadE" or CLOADM "MadE" for the Pressing Twill give you a mily version of the game with all mac propeded up. Pressing the angular property of the pro
