EDITOR'S NOTE:

As you may have noticed in the past 3 or 4 months TRS-80 Computing has been bi-monthly (every other month). It will come out on the following months each year: February, April, June, August, October, and December.

Also, TRS-80 Computing's price has been raised from \$.80 to \$1.00. The new subscription rates are:

- 1 issue: \$1.00
- 3 issues: \$4.33
- 6 issues: \$7.66
- 12 issues: \$12.99

SPEED RACER

32K COLOR COMPUTER

\$34.95

As the checkered flag drops your pulse rises in this lively arcade game. The road twists to the horizon on the 3-D panorama that sets the stage for exciting racing. Vie for time as you glide through the curves at incredible speeds. Step through the gears to stay ahead of the pack, but be quick! Some will stop at nothing to see the end of the race or the end of you! Four challenging raceways, complete with obstacles and colorful 3-D scenery to test your skills in this Pole Position type game.

PINBALL FACTORY

64K COLOR COMPUTER

\$34.95

Video games come full circle in this tribute to the original arcade game, Pinball. Classic pinball springs to life as never before, with fresh new angles that only a computer can offer. Crisp graphics, sound, and fast smooth action give this machine-language arcade tilt game a realistic, responsive feel you'll hardly believe. There are even "tilt" buttons that let you "bump" the machine. Also you can design, build, edit & play your own screens.

THIS MONTH'S PROGRAM
HOLIDAY TUNES!

Well, Christmas time is around the corner again, and it's also the time when we at TRS-80 Computing put extra effort into making our December issue the best. So, this month we decided to call our main program, "Holiday Tunes". It contains a variety of Christmas songs (6 to be exact) all controlled by Listing #1 (boot). In order to have these programs work, you must follow the instructions given exactly.

INSTRUCTIONS: This month's program has been written to run on Disk BASIC because of the fast loading routines. Make sure when you save the game to use the filename given at the beginning of each listing. If you have a cassette recorder the program will take longer to load and will not automatically run. The changes will be found at the end of the listings. Note: Make sure each listing is entered seperately. After saving listing one, (whether or not your using disk or tape), continue on with listing #2. After each listing has been saved, type NEW and repeat. Also, all programs have been thoroughly tested. Any errors are do to mistyping.

If you have a cassette recorder and not a disk drive then add the following change to the line numbers indicated in each listing:

```
CLS:PRINT"LOADING... PLEASE WAIT":CLOAD"filename"
```

Type RUN at OK prompt.

LISTING 1:LINE 60

LISTING 2:LINE 130

LISTING 3:LINE 140

LISTING 4:LINE 60

If you have any questions about this program, please feel free to call us at (617) 828-7749. Ask for Joe Ahern, or leave message.

IMPORTANT NOTE:In line 2 of listing 4, there are nine spaces in A\$.

** If you have any programs that you would like to contribute to our programmer section then send it to us, we'd be glad to take a look at it. Please leave your name & address, full instructions, and the programs name.

XMAS TREES, XMAS TREES!

FOR APPLE II & C64/128

Since this is the holiday season, we decided to draw a Xmas tree for the Apple II and C64/128. There is two seperate programs. The 1st one for the Apple, the 2nd one for the Commodore. I hope you enjoy these programs.

XMAS TREE:APPLE VERSION

```
100 GR : HOME : COLOR= 4 .

A NOTE TO OUR READERS...

Now that 1988 is passing by, it is time for us to take on some new responsibilities. Lately we have found that some of our programs has had errors in them. Now I'm in charge of the programs that go in our magazine. Each program is tested many times by the writer and then each staff member trys it. When it is complete, I test it one final time, then it is ready for publication.

This month's program "Holiday Tunes" has been tested many times, both in their seperate listings and when they were all combined. All notes were tested carefully. If you get an error after keying in the listing, check the data carefully because 90% of the time that's where the error is. Happy Holidays and good programming!

CENTERING THE PRINTER HEAD

For anyone who owns a printer, and doesn't have a word processing program, they should find this utility article to come in handy. It gives you 7 steps into writing a program to center the printer head on your printer. I hope this article will come into good use.

Step 1: Find out how many characters your printer can print on one line.

Step 2: Now divide the answer of step one by 2. Let T=(the answer to step two).

Step 3: Next input the string to be centered. Call the string A\$.

Step 4: Find the length of the string that was inputed. Let X=(the answer to step 4).

Step 5: Let $Z=X/2$

Step 6: Let $W=T-Z$

Step 7: Now PRINT TAB(W) A\$

The total program should be similiar to the following:

```
5 T=(characters per printer line)/2
10 INPUT A$
12 X=LEN$(A$)
14 Z=X/2
16 W=T-Z
18 PRINT TAB(W) A$
```

NOTE: If your printer can print different size characters then just follow the above steps and it should work correctly.

TRS-80 COMPUTING ORDER FORM

I WANT:

-3 ISSUES FOR \$4.23 TOTAL
-6 ISSUES FOR \$7.66 TOTAL
-12 ISSUES FOR \$12.99 TOTAL
-1 ISSUE TO TRY IT. \$1.00

I WILL PAY BY:

-CASH
-CHECK

IF YOU BUY 1 ISSUE YOU WILL BE BILLED UPON RECEPTION OF THE ISSUE.

IF YOU BUY MORE THAN 1 YOU WILL BE BILLED BEFORE RECEPTION OF ALL ISSUES.

NAME OF PERSON TO RECEIVE MAGAZINE.....
 ADDRESS TO SEND TO.....
 SIGNATURE OF BUYER.....

WE ARE NOT RESPONSIBLE FOR ISSUES YOU DON'T RECEIVE AFTER WE SEND IT.

TOTAL PRICE INCLUDES:

- * \$.80 FOR EACH ISSUE
- * POSTAGE COST TO SEND MAGAZINE
- APP. \$.93 FOR POSTAGE

ANY CHANGE WILL BE GIVING BACK ALONG WITH A RECEIPT.

SIGNED. *Joe. Alessi* AND. *David. McHally*

GAMES FROM THE WIZARD

1. Picture Plotter--Save, load, and print pictures that you can draw. Also has color changing and text adding function. For CoCo only.....\$1.95
2. Screen Saver--This subroutine saves the screen, but not on tape or disk. It saves it in the computer's memory. Add it to Picture Plotter or in your own programs. For CoCo only.....\$1.00
3. Color Trivia--Just like the card game. Earn 10 pts. for every right answer. Give your opponent 1 of your points for every wrong answer. Lots of fun, comes with three skill levels and 60 questions! (more available)
For CoCo only.....Tape \$3.00 Disk \$4.00
4. Mr. Motorcycle--Jump mud puddles and dodge obstacles. CoCo \$1.95
5. Checker Chase--Can you catch the computer? CoCo \$1.30
6. Spinning Blade--The movement is unreal! CoCo \$.25
7. Lightning--Put lightning bolts on your screen. CoCo \$.25

SPECIALS (REPORTS, PROGRAMS, ETC...)

WINDOW WIZARD:BY DAVID McNALLY

This program was created to make menus and windows within a main program. After keying in the listing, type RUN. At the OK prompt, enter the vertical coordinate of the upper left hand corner of the square, then press <ENTER>. Then enter the horizontal coordinate of the upper left hand corner of the screen, and press <ENTER>. Next enter the vertical coordinate of the upper right hand corner of the square and press <ENTER>. Then enter the horizontal coordinate of the upper right hand corner of the square and press <ENTER>. Now, enter the vertical coordinate of the lower left hand corner of the square. Then enter the horizontal coordinate of the lower left hand corner of the square. Next enter the vertical coordinate of the lower right hand corner of the square. Then enter the horizontal coordinate of the lower right hand corner of the square and press <ENTER>. Finally, enter the color code 0-8. After entering the color you are in a main menu mode. Press <D> to draw the window and <S> to save it on tape.

SAMPLE RUN:

```
0 <ENTER>
0 <ENTER>
62 <ENTER>
0 <ENTER>
0 <ENTER>
30 <ENTER>
62 <ENTER>
30 <ENTER>
4 <ENTER>
```

NOW PRESS <D>.

NOTE:This is the biggest square you can draw without getting an error.

After all coordinates have been entered, press <S> to save on tape. Now, to reload the window within your program, add the following subroutine:

```
1000 CLS:OPEN"I",#-1,"Window's filename"
1010 IF EOF(-1) THEN 1022
1020 INPUT#-1,A:INPUT#-1,B:INPUT#-1,C:INPUT#-1,D:INPUT#-1,E:INPUT#-1,F:INPUT#-1,G:INPUT#-1,H:INPUT#-1,I
1021 GOTO 1010
1022 CLOSE#-1
1023 CLS(0)
1025 FOR L=B TO F:SET(A,L,I):NEXT L:FOR L=D TO H:SET(C,L,I):NEXT L:FOR L=A TO C:SET(L,B,I):NEXT L
1035 FOR L=E TO G:SET(L,F,I):NEXT L
```

THE LISTING:WINDOW WIZARD

```
5 CLS
10 PRINT"OK"
12 INPUT A,B:INPUT C,D:INPUT E,F
14 INPUT G,H:INPUT I
16 A$=INKEY$:IF A$=""THEN 16
18 IF A$="D"THEN 1000
20 IF A$="S"THEN 2000
26 GOTO 16
1000 REM DRAW WINDOW
1001 CLS0

1005 FOR L=A TO C:SET(L,B,I):NEXT L:FOR L=E TO G:SET(L,F,I):NEXT L
1009 GOTO 16
2000 REM SAVE ON TAPE
2001 CLS:PRINT"ENTER FILE NAME";:INPUT Z$
2003 OPEN"O",#-1,Z$
2004 PRINT#-1,A:PRINT#-1,B:PRINT#-1,C
2006 PRINT#-1,D:PRINT#-1,E:PRINT#-1,F
2008 PRINT#-1,G:PRINT#-1,H:PRINT#-1,I
2012 CLOSE#-1:PRINT"DONE":FOR T=1 TO 2000:NEXT:CLS:END
```

IS IT A BACK ISSUE.....

WHAT MONTH IS THE ISSUE YOU WANT ON TAPE?.....

WHAT VOLUME IS IT?.....

WHAT IS YOUR NAME AND ADDRESS?.....

SEND \$5.00 FOR THE COSTS (PER TAPE ORDERED)

IF YOU WOULD LIKE MORE THAN ONE WRITE DOWN THE ABOVE INFO. AND SEND IT TO US.

NOTE:REMEMBER IT IS \$5.00 PER TAPE ORDERED AND IT IS FOR THE TRS-80'S ONLY!

PLEASE WAIT ABOUT 1 WEEK FOR DELIVERY. THANKS!

WHAT'S TRS-80 COMPUTING ON TAPE?

TRS-80 Computing on tape is simply all the programs that appear in TRS-80 Computing, for a particular month, are typed out and saved on tape for you. So all you need is your Color Computer, a cassette recorder, and the tape and your in business!

Hard Disk Interfaces

We've sold hundreds of our affordable, high-performance hard disk interfaces to Color Computer enthusiasts worldwide!

Each includes an anodized housing, 100 page user manual, and software for use with OS9. The CoCo XT-RTC adds a battery-powered real time clock / calendar for OS9 and BASIC.

CoCo XT \$69.95
CoCo XT-RTC \$99.95

XT-ROM: Install XT-ROM in your hard disk controller's BIOS ROM socket. It automatically boots and reboots OS9 from your hard disk.

\$19.95

HYPER-I/O is now compatible with DISTO, LR, and other SASI Hard Disk Systems!

Only \$39.95

Real BASIC for OS9!

R.S.B. is a complete, OS9-compatible version of Disk Extended Color BASIC. Burke & Burke has added new software to give you OS9-style graphics, sound, printer, and disk I/O. The BASIC you know and love is now running under Level 2 OS9 windows!

R.S.B. loads and saves files using OS9's file format. The R.S.B. package includes utility programs that let you transfer BASIC programs and data files between OS9 and BASIC disks. Of course, you can't use R.S.B. to run machine language programs, and some BASIC commands work slightly differently under R.S.B.

Your BASIC programs can take full advantage of great OS9 features like hard disks, no-halt floppies, multi-tasking, and 2 MHz operation.

R.S.B. requires a CoCo 3 with at least 128K RAM, a floppy disk controller with either Tandy Disk Extended Color BASIC or DISTO CoCo 3 CDOS ROM, and Level 2 OS9.

R.S.B. \$39.95

Works with all hard disk systems!

Runs in 128K; 512K preferred.

CoCo XT Facts

Answers to some common questions about the CoCo XT.

- A true "NO HALT" hard disk system
- Controls 1 or 2 hard drives
- Full ECC and CRC error correction
- Average access 30% faster than SASI
- Uses PC-type hard disk controllers & drives
- Does not use or disable interrupts
- Compatible with most RS-232 interfaces
- 20 Meg system cost: under \$450
- Requires Multi-PAK or "electric" Y-cable

Buy a drive, Western Digital controller, and case from the PC dealer of your choice. Plug them into the CoCo XT, plug the CoCo XT into your Multi-PAK, and install the OS9 or BASIC software. Presto!

HYPER-I/O

Now BASIC runs hard drives, big floppies, and more!

HYPER-I/O modifies the RS-DOS BASIC in your CoCo 1, 2, or 3 to provide a "Dynamic Disk Interface". Use your existing BASIC and RS-DOS software with hard disk interfaces (CoCo XT, DISTO, LR), RAM Disks, and any mix of floppy drives from 160K to 720K each.

Fully RESET protected, user configurable, expandable, EPROM-able HYPER-I/O V2.6

\$29.95

HYPER-III (Adds RAM Disk and Print Spooler for CoCo 3)

\$12.95

OS9 Utilities

Wild & MV Version 2.1

Use "wildcards" with most OS9 commands, or rearrange your directory tree. Features recursive directory searches. A hard disk must! **\$19.95**

EZGen Version 1.04

Powerful OS9 bootfile editor. Change module names, add or delete modules, patch bytes, or rearrange modules. Works on other files, too. **\$19.95**

Burke & Burke

P.O. Box 1283 Palatine, IL 60078-1283 (312) 397-2898

ILLINOIS RESIDENTS PLEASE ADD 7% SALES TAX. COD's add \$2.20. Shipping (within the USA) \$2.00 per CoCo XT; \$1.50 per disk or ROM. Please allow 2 weeks for delivery (overnight delivery also available for in-stock items). Telephone orders accepted (312) 397-2898.

To teach your child to spell, we had to design software that talks.

Cave of the Word Wizard.™ A unique way to develop spelling skills using human speech and arcade action.

Software that tries to teach spelling by jumbled letters isn't a very good teacher. The software has to talk. Now it does. Only on *Cave of the Word Wizard* from Timeworks.

The Wizard talks like a human being, not like a robot. This fascinating character thrusts you into an intriguing adventure as he teaches spelling in the most effective way possible on a computer.

You have wandered into a mysterious cave, and the entrance has been sealed behind you. Suddenly the Word Wizard appears and informs you that in order to leave his cave you must find four magic crystals which have the power needed to open the cave entrance. You have only a flashlight to help you find your way through the cave, and your batteries are running low.

The Wizard is a funny old fellow who causes lots of mischief for anyone who enters his cave. He will appear often and ask you to spell a word—you will actually hear the old Wizard's voice!—and you cannot continue your search until you spell the word correctly.

The Wizard will use his magic powers to replenish the energy in your flashlight if you spell the

word correctly, but each time you are wrong he will draw energy from your light. When your flashlight runs out of energy you will be doomed to roam through the cave in darkness forever.

During your search you will be confronted

with spiders, rocks, snakes, and other dangerous obstacles that will make your quest for freedom even more challenging.

This state-of-the-art educational program includes 500 spoken words in 10 spelling skill levels and

makes full use of the sound capabilities of your computer. The

Wizard will talk to you in clear human speech. No additional hardware is needed for your computer system.

Only Timeworks offers *Cave of the Word Wizard*.

Now at your favorite dealer. Or contact Timeworks, Inc., 444 Lake Cook Road, Deerfield, IL 60015. Phone: 312-948-9200.

Available for Commodore 64 and 128

Timeworks Programs Include:

- Dungeon of the Algebra Dragons
- The Evelyn Wood Dynamic Reader
- The Money Manager
- The Electronic Checkbook
- Data Manager 2
- Word Writer
- Swiftax
- SwiftCalc with Sideways
- Sylvia Porter's Your Personal Financial Planner

. . . COMING ATTRACTIONS . . .

In our February of '89 issue we will print an index of everything in TRS-80 Computing from April 88-December 88. We also will still have the regular sections and possibly two more new sections, Adventure & music. Plus a new typographical look for the front page and maybe even double-sided pages! We hope that 1989 brings us new and better changes for TRS-80 Computing.
