Join Professor Chance, better known as **Ghana Bwana**, on his hazardous quest for the "Great Secret" of legendary Erebus Island. Use your wit and quick reflexes to make your way through the many perils of this hostile and mysterious land. If your luck holds, you may reach the treasure site, the final and ultimate challenge!

The equipment you require on this adventure includes the Tandy Color Computer with 64K and Color BASIC and a disk drive. You can add even more excitement with a Multi-Pak interface, a Speech-Sound Pak, and a joystick.
