LOADING INSTRUCTIONS

For loading instructions see side of cassette.

TO PLAY THE GAME

Make sure your joystick is connected to the right joystick port then enter your name, press enter and the game will begin.

SCORING

1000 points for each treasure removed plus clock time.

5000 points for all treasures removed extra life awarded at 20000 points.

CANDLE

Your candle will start to fade when the clock time reaches 1000. Your candle will go out and your screen black when the clock reaches 0000. You are not DEAD but you must go back to the surface and re-light your candle.

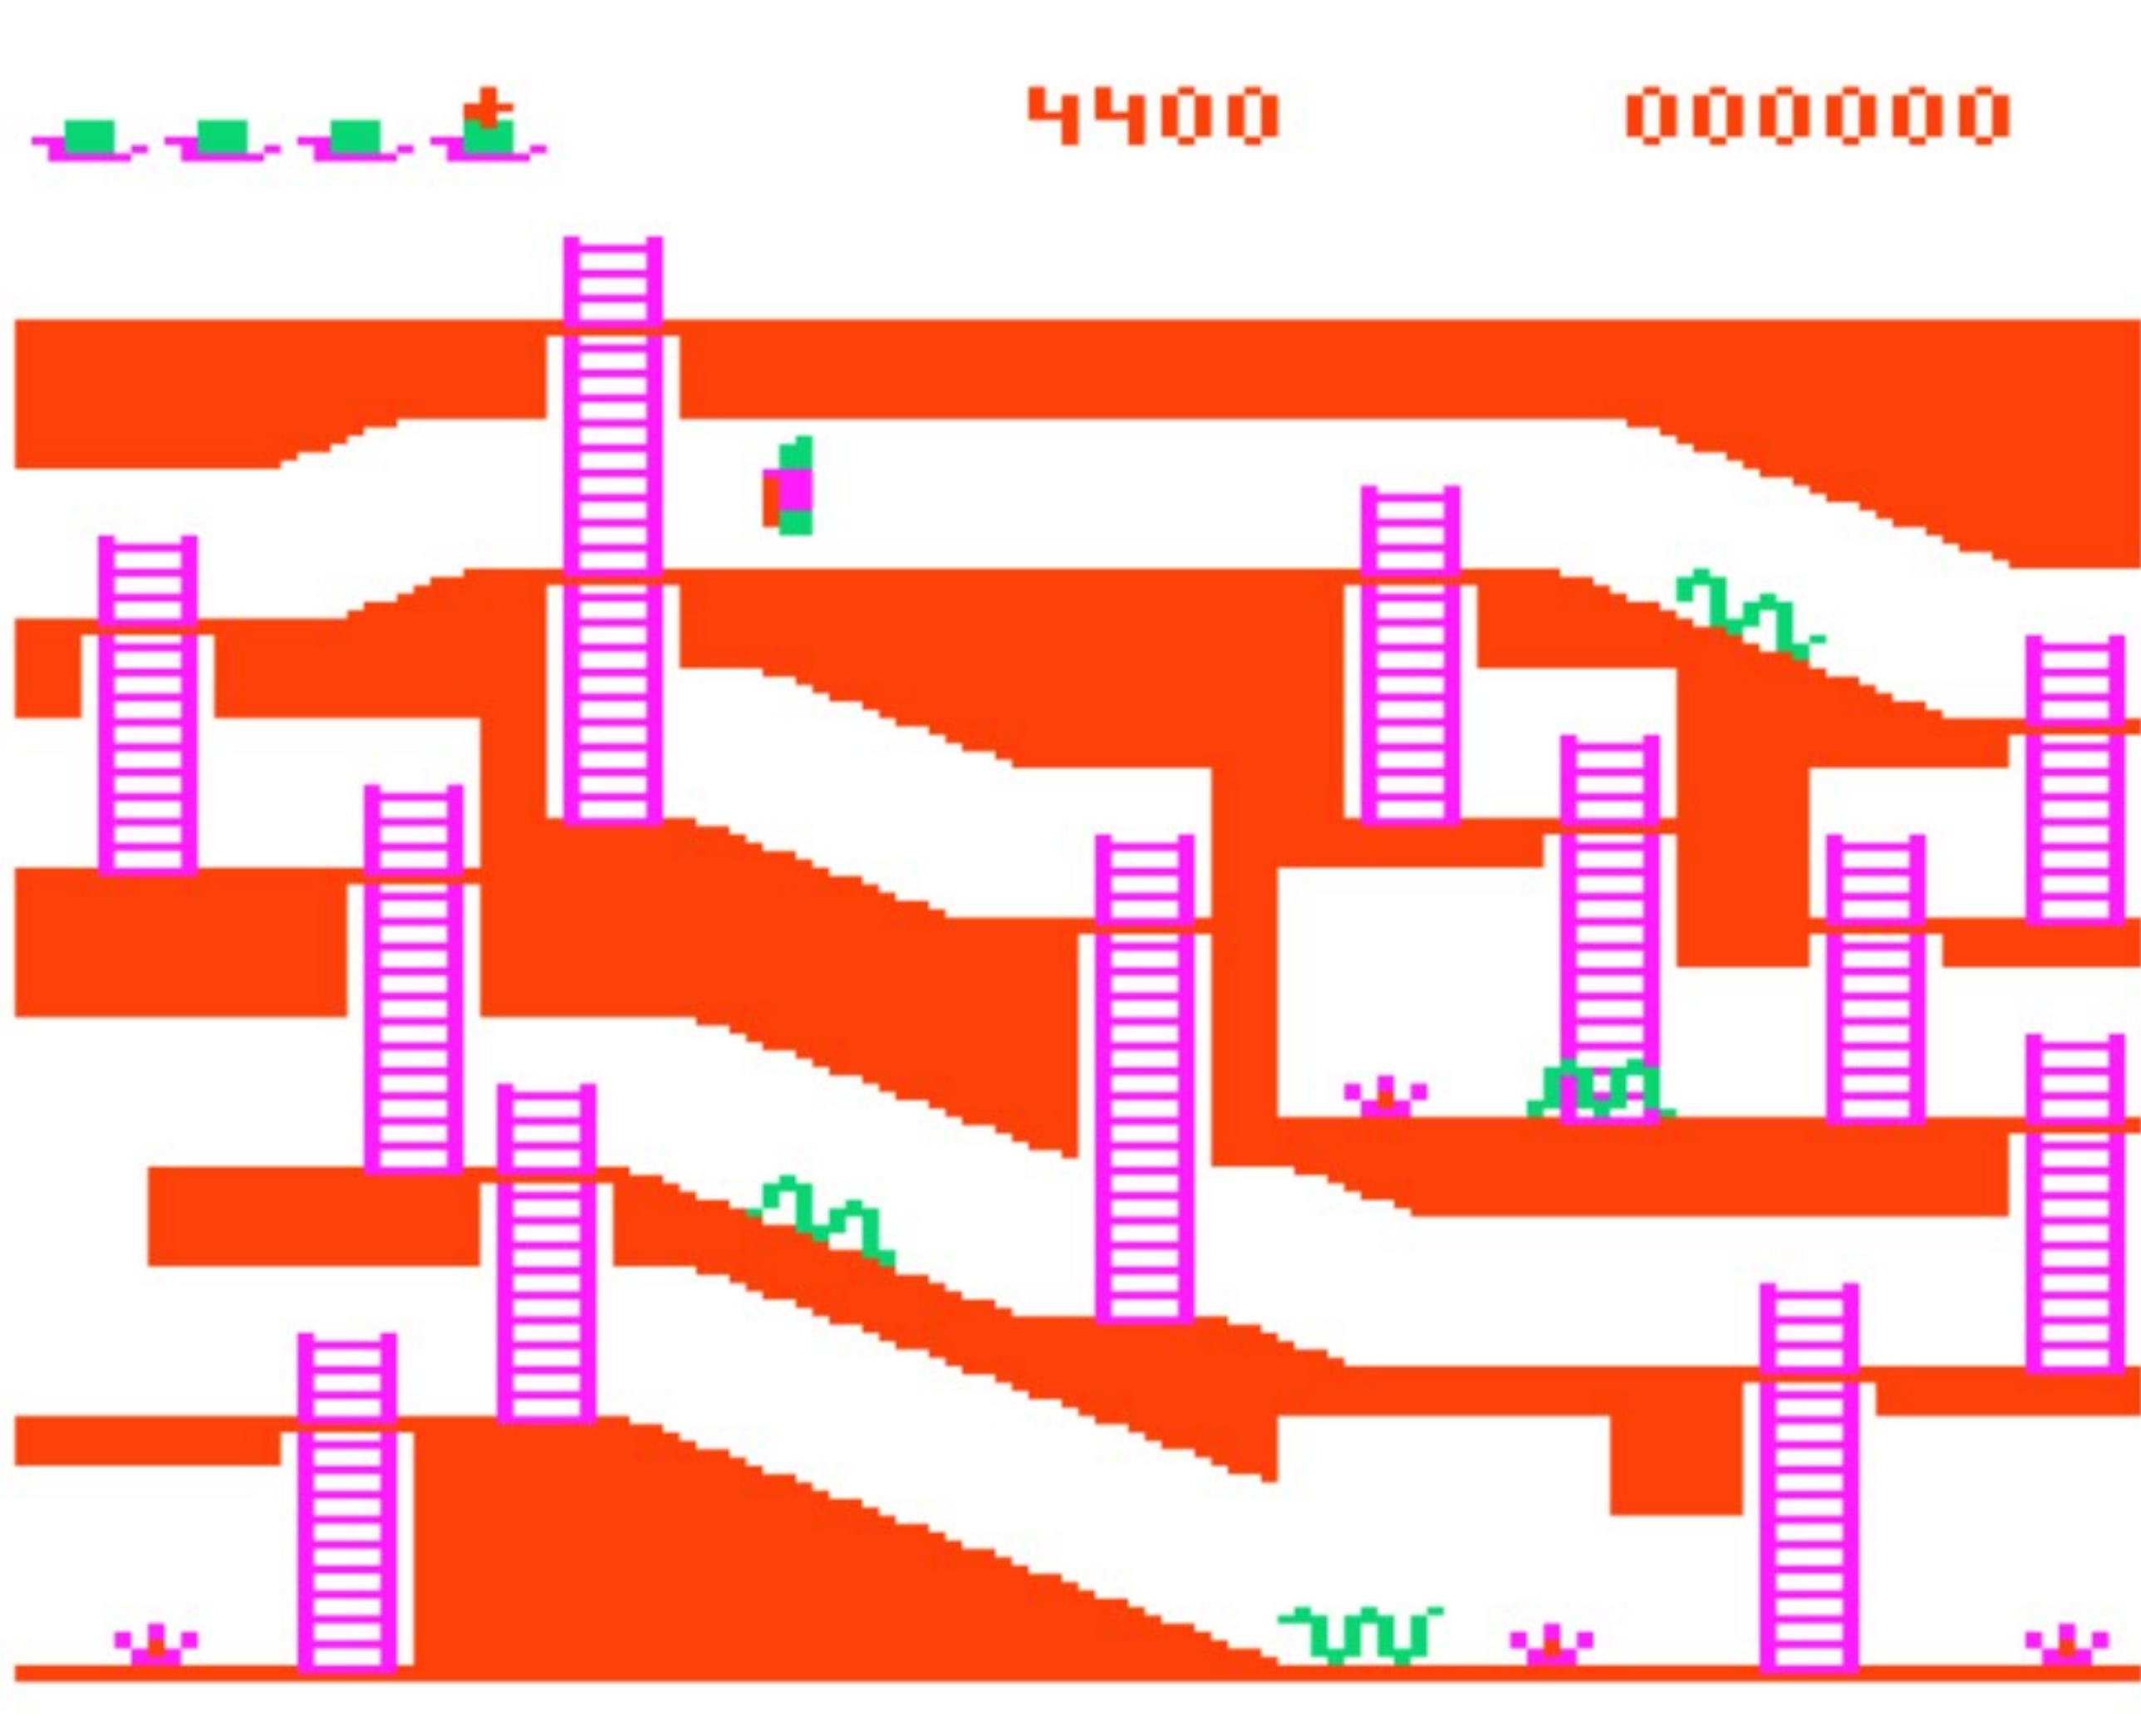

There is no way you can kill or jump snakes or ghosts, so just run and climb away from them. There are 5 levels to challenge your abilities.
